## 1. Foreword

**Sun** rises, **Sun** sets;

**Day** blossoms, Night blossoms

Time formulates in this pattern.

**Space** has variations,

**Light** has deviations,

Air's varieties are infinity,

**Water** has differences,

**Sand** kinds are many.

Many types of roses,

Many types of jasmines,

Many types of coconuts,

Mangoes and so on.

Every kind of beings; have millions of differences. In the nature, systems are casted and categorized in this manner.

Human-race has hundreds of hundreds differences. These observations are based on qualities of very high Orders. There are named as caste systems or called as class systems.

When these were sharply observed, the history of human-race should have been initiated one by one. This was processed by the TRUTH.

Trillions of trillions days had perished away. Nights have perished too in similar manner. Days and nights have yet to come thou uncountable.

Spark of the SUN or spark of the FIRE may and wish to recall the happenings of days and nights.

## 2. INTRODUCTION

**Child** itself opens its history with extraordinary helps and marvelous guidance's from all the directions, which are carefully listened, observed and framed.

“This **child** is not only the child of it's parents but the son of the land, nation, globe and aborigine of human-race on the Earth”. Graciously was announced by the great **Saththiyainthiraanantar**

kept a peculiar **grass** at the feet of the child.

He was carrying the child,  
Chanting the stanza of  
“Brahmma ghayatri” closer to the ears of the child, applying sandal wood oil on the head of the child, chanting of “IMMM...” and wearied the **holly thread** to the naked child in a very special method.

He said “nobody can claim or initiate to this child in future. If anyone does so; it will produce imbalances to the child, nature

and to the globe too”.

Holy thread, holly oil and holly grass, which were brought from the holiest Mount Kailash by him.

He has done other rituals to the child.

[Offering of fragrant flowers, fragrant smoke and illumining lamp which was made out of the combination of nine types of oil].

He left to Himalayas immediately

saying ‘I will come back when child reaches the time unit of

three' .

Child is still having holly thread and grass with it.

Saththiyainthiraananthar was presented at the moment of blossoming of this flower, companioned with Saththiyajoothiammaa.

During the moment of blossoming of the child: -

### 3. Nature, Astronomical and Astrological Position

- Sky was very clear and reflecting its color totally in view.

- Oceans were very calm and cool
- Earth was in a very high state of vibration.
- Magnetic line of earth, center of cosmic graph of the globe and north pole-south pole ray; these three were become as one but short of seven degree.
- Sun was in the west of the globe short to reach to the center, of twelve breathing occurrences [five unit =one occurrence] or nine hundred and thirty six heart's-beat durations.
- Moon [shadow of SUN] was in

the east of the globe short of sixty-three units towards to the center.

- Star Venus was shining twelve degree in the west from the earth.
- Star Jupiter was illumining forty- five degree in the east from the earth.

Both Venus and Jupiter appearances were in total and there light beams and rays were wonderfully embraces the earth.

- Trillions of trillions stars were twinkling.
- Holiest mount kailash was

shining gold color in north, blue color in south, crystal color in east and green color in west.

- Holiest lake mansarouwar was reflecting the sky as it was.
- Various types of roses, jasmines and other flowers were bloomed
- Air was blowing in a rethymical manner.
- Birds were humming and Singing there own styles. They Were coming out with their Whole family.
- Lakes, ponds and wells were in full.

- Rivers were flowing in Complete paths.
- Fruits were full in the gardens.
- Paddy fields were ready for the harvest.
- Vegetable gardens were in fruitful state.
- Cows and goats were pouring milk with their cattle's.
- Nature was with sound conditions.
- Very rare birds color in violet with long beautiful tail was arrived near the shrine where the **child** was born.

- That shrine was not made out with any artificial matters. But only was made out with herbal elements.
- Artificial measurements [time and weight] become standstill and refused to function at the moment of birth.
- Name of medical doctor only  
And only  
Saththiyainthiraananthar  
[spiritual, physical, psychological and ‘siththa doctor’].
- Sththiyajoothamma was the  
Only assistance to the doctor.

- Father was on the peak of bliss.
- Mother didn't cry that moment.
- Child didn't cry too.
- Child always was in smile.
- What ever happens in and out to the child, smiling happenings are still undergoing.
- Father is the only son and child to his parents.
- Mother is the only daughter and **child** survived to her parents.

Eight children was born before and eight were disappeared with Divine. Mother had one younger brother and a younger sister.

- Mother was the age of eighteen units with twelve stars while was bestowing the child in the nature. Father was the age of twenty-seven units with ten stars.
- The entirety was experiencing full freedom at that moment.

#### 4. Great person- A Sage.

These were observed by the Saththiyainthiraanahar.

He is always in chanchchara [observes thapas] in the holiest

‘Kailash’ mount and the purist  
‘Manassarouwar’ lake in  
Himalayas at Bharatham or  
it is called as Hindustan.

Saththiyayoothiammaa was  
Screaming, “How is this child  
going to bear all the  
suffocations from the entire  
directions where the days and  
nights are yet to blossom  
infinitely”? Moment of  
blossoming of the child,  
Mother’s side;  
Grandfather and grandmother

were highly worried that they were going to lose the child. They were performing ‘Shiva Pooja’. They were based on ‘Kaashmeer Hindus’ [veera Saivites special].

Father’s side;

Grandfather and grandmother were performing fire worship “Agni koththira” at Benaras [Varanaashi or Kaashi] in Bhartham. They were totally based on ‘smaarththa special’.

- Grandfather clearly announced

‘this child will solve the problems of the human illnesses, solve the non stop suffocative problems in the nation and in the globe completely’.

**Special marks on the child: -**

Hair—brown black & not strings

Nail—pink in colors

Skin—very light maroon color

Eyes—brown black with wisdom

Ears—listening especially inner sounds and functions as eyes too with the structure of well balanced drums

Nose—prahnic structure

Mouth—pink color & always smiling lips, speaks with silence and transformations happen through signs

Forehead—enlightening with  
Third eye

Face—oval shape

Hands—healing with philosophy and dharmmam and its  
Structure is oval

Legs—four points landing on Earth where centers of legs don't touch the Earth mainly called as

“curing legs”  
Organ—“uurththuvam”  
Total format—absorbing and  
radiating vibration  
with flexibility and  
not only nature  
proof but divine  
proof too.

There was a wonderful song sang  
for the child by the holy madam  
was a peculiar happening,  
Saththiyayoothamma: -

“Aum! Maathee, mahaathma  
Namasthe namasthe;  
Aum! Maathaa, mahaathma  
Apayam apayam;  
Aum! Maathee maathaa,  
Mahaathmaa  
Saranam saranam;  
Aum! Thaayea maathaa,  
Mahaathmaa chanchcharam  
Niththiyam niththiyam,  
Mahaathmaa jeevitham  
Saththiyam saththiyam,  
Aathmikam lokitham  
Saathvikam saantham Shivam,  
Shivajoothy Dharsanam

## Niyam Nirantharam.

The other happenings occur: -

- Not only at Mother's womb but even at the moment of blossom on the earth and even now, CHILD is surrounded by enmity, jealousy, anger, misunderstandings, wars and violence.
- Reasons are unknown.

### 6. Snake attacks: -

1.

On Wednesday 12 th April 2006  
mid night at 1.10 [1.10am], while

**CHILD** was in deep sleep a male cobra snake white in color; purposely was put inside the sleeping room. The snake attacked the **Child** twice in the right and left hands while was in deep sleep.

**CHILD** is hardly survived.

Child had done the very special ceremony for to recover the snake-bite, at the Holy Shrine; where “Shiva-Lingam” Illumines as the embodiment of LIGHT.

1. Poured the Holy Blood; to the Shiva-Lingam from both hands of

**Child.**

2. “Paathaala-Ganga water” was around the Holy-Shiva lingam where the **Child** was seated inside the “Paathaala-Ganga water”; meditating just after snake bite from 1.10 am to 5.30am.

3. **Spirit, Soul, Life, Prahna, Mind** and

**Body** of **Child** were together with **SHIVA-**

**LINGAM** in the **Holy Shrine** almost from 1.10am to 5.30am. SHVA-LINGAM was turned in to blue color.

4. Just after twenty four hours[following day-early morning]; again the same situation was surrounded the **Child**: -

a. **Child** was fainted.

b. Both palms of **Child** became blue colors.

c. The whole body **Child** turned down in to ice-format.

5. Again **Child** had done the special rituals: -

a. Implant the innermost structure of the **Child**; with the Holy- Lingam.

b. Again poured the Holy Blood from both palms of **Child**; to the Holy **SHVA-LINGAM** [Symbol of God], Holy Water, Holy-Land and Sand and to the special Yagnana-Horma [Agni].

c. **Child** was observed the

“**Nature cure system of complete Medicine**”;

to cure from the deadly suffocative incidents.

This snake bites process are soundly known actions to **Child**.

But there are unknown bites are still going on; right round the

**CHILD**; from in the name of: - 1. Social.

2. Friendship.
3. Relationship.
4. Communications.
5. Defense.
6. Ethnic conflicts.
7. Religion.
8. Language.
9. Music.
10. Fine-Arts and etc.....

2.10<sup>th</sup> march, year 1998 on Tuesday early morning at 3a.m.simarlar incident was happened; but the white cobra didn't attack the child. It was holding right foot by its

mouth for couple of minutes while child was in sleep. It should have thought that the foot was its food. But child spontaneously got up, shake the leg, and released

the snake out its holding position.

That too was brought purposely put inside the room.

3.

When the CHILD was undergoing the age of five,

There was a multi color snake with full of poison kept with collections of dolls. Child thought that it was a beautiful garland and

suddenly took and IT was ready to wear.

Child spontaneously realized it should had had been something else and thrown out of the house.

Father and mother were immediately arrived closer to the child.

Main purpose was to kill the child and it's parents.

4.

Wile the child was undergoing the age of nine,

Mountain snake length of

more than fifteen feet was put inside territory where child was dwelling.

Parents didn't know the motive of all these happenings. But the CHILD got alert from the age of nine.

Child passed the message through the 'inner channel' to the 'holly person'

Saththiyainthiraananthar.

Within couple of days HE arrived from the holiest mountain Himalayas and made sound and

perfect protection to the **child** in all the directions.

When the child was passing through the age of three, its grandfather put the child at the village school.

## 6. A Drama.

**Child** had performed a drama in the open school stadium where the child left alone middle of the entire students, teachers and the population of the village at its village school. Duration of drama

was one hour [5pm to 6pm]. Light was almost out of the sky.

Brief of the drama was “a child is in search of its ‘true father’ and its ‘true mother’ with light, bell, flowers, fragrant smoke holy ash, water with chantings and hymns”.

Child dressed with white cloth, was carrying ancient script which was in compressed form on its waist and was moving with naked legs in the open stadium ground.

Loneliness leads to the state of ‘aloneness’ or complete ‘independent’.

This state had started at the age of three to the child.

It was the very most important **action drama** which had done the total transformation or sublimation or revolution in its future living pattern.

Saththiyainthiraananthar heard of this happening and he had spontaneously arrived from Himalayas and was condemning the school principal [Srinevasa Iyer], teachers and other organizers of the drama.

Nobody realizes the value of the child other than Him.

Reaction of the drama, was that the whole village was awakened. But the child had entered in the ‘unknown ground’ and as well as ‘unknown field’ too.

After this happening **child** was framed with very high form of Aura. “Formation of Aura is the spontaneous action of the supernatural system”.

Saththiyainthiraananthar told to the child ‘any beings or any body

will never heard you or attack you or target to you. If anyone does to you it will immediately go back to them and even the particular thought will turn where towards to its origin and vanish within themselves’.

This message is still humming and vibrating within the inner ears of the child.

## 7. Curing.

Various types of sick people usually keep the hands and legs of

the **child**; on their heads and their painful places will get complete relieve.

**But the child suffers and cries whole night and following days.**

Parents didn't know the situation of the child at all. Because they were so innocent and they don't know how to protect the child from the unknown disturbances and unknown wounds which are always towards to the child.

**This situation is started from the age of three to the child.**

But the great Soul from Himalayas the Saththiyainththiraananthar time to time be with the child and shares inner and outer problems of the **entire human race**. He makes the child in the well balanced state of “unshakable stability”.

Child always carefully handles his very personal actions in his own style. Child even never allows its father or mother to permit to do those actions such as washing cloths, maintenance of the hair and etc.

Child performs its laundry works, its saloon works and etc. Child has given full freedom to the particular workers from the age of nine.

**Child's actions, characters, behaviors and etc are always made by self.**

But recently some sources have given pressures to child and collect the child's cloths for washing.

After some period child's cloth was used by somebody else and silently given to child.

Child was wearing the cloth. Suddenly skin of the child was affected. This action is deliberately and purposely done. Why all these sources are still damaging, harming and disturbing the child continuously.

When all these negative actions are going to stop?

Now child is recalling the words of the great soul

**SATHIYAINTHIRANANTHAR;**

“Do not give any things which are only belonging to you. Even do not to allow anybody to touch you and your belongings”.

But others want realize and understand all these actions caused so call freedom fighters or religious heads or other fanatics?

Some more or the other ways or paths all these actions should stop.

Child is left alone in the mid and mud of oceans of life or rubbish.

Other head breaking and heart blasting problem to child is:-

So call leaders of politicians, freedom fighters, religions, psychologists, other medical experts, educationist and professionalizes are trying to identify child!!

It is not possible.

So called people words which may follow: -

- a. They have done propagations to the society, to my school mates, to the people who loves me, my best friends, my

best fans, my superb devotees, my class one students, very close relations and so on: that CHILD is a sick person and they said that CHILD doesn't know about those his or it's illness or their propagations; this was worst strategy that so far they were operated against CHILD. This was put the CHILD in the state of loneliness and state of alone too.

- b. The most and the worst propagations had done by the selected doctors and professionals such as that CHILD doesn't have testicles from very long time ago.
- c. Educationists and so called freedom fighters had put the CHILD in a corner and called as GOD. They were cheated themselves and CHILD. **OH! WHAT FOOLISHNESS.**
  - 1. Doctors said cancer patient [deliberately put the particular virus in to the body of child by doctors].
  - 2. Patient of kidney fail [statement released by qualified and sound practitioners in the medical field- so called doctors].
  - 3. Wound in stomach [purposely].
  - 4. Tumor in brain cells [ done, during the process of dental clinic]
  - 5. Damage in mouth and teeth [purposely done during the process of in the name of treatment].
- b. Child is a mad person [purposely injected by other religious head].
- c. Child is a spiritualist [mentioned group of legal sects].

- d. Child is a terrorist [mentioned by competitions of experts in all the types of sects and the seekers of next successor of child or power or position].
- e. Child is a singer [called by musical experts].
- f. Child is a dancer [mentioned by lovers of dance of Shiva].
- g. Child is priest [said by well famed priests].
- h. Child is monk [said by religious fanatics].
- i. Child is sophisticated criminal [said by group of layers].
- j. Child is Rasputin and so on [said by legal experts and Freedom-fighters].
- k. Inquiry about CHILD: - [who is this?] researches are going on by various types of astrologers which were completely ended in conflicts and confrontations. Very poor and weak calculations were made by all these sects where these sects also link with those so called people.
- l. Interferences were made to the CHILD by various types of sub agent of medical people named as “counselors”. [These are the people that they had done the worst damages to the top and the bottom of the society which caused all the types of wars and violences in and out. These so called counselors were tried maximum effort to destroy the CHILD.]
- m. Writers and poets were planed to damage characters, habits, images, personals, secrets, discoveries, originality, creativity and personality of CHILD.[ They were operated their plans through all the types of Medias. They thought that, CHILD will run away without any places and bases. But unfortunately their each and every plan, step and idea was failed.]

CHILD survived from all these deadly points and processes. CHILD still smiling and operating the laptop computer and writing his biography [15.05.2007 GMT.7.40 am] which was initiated from the age of three, by the holiest soul Saththiyainthiraananthar.

The holiest SHRINE safe guarded the CHILD from all these suffocations which were done purposely by so call experts. Even moment to moment the holiest SHRINE [formulated by the child] protects the child.

**All this commences and identifications are false, irrelevant and false too.**

All these so called people have secreted relationships for to do their business, unwontedly damaging the mass and destroying holiest persons through the world from long time onwards.

For examples: -

1. They introduce various types of food items silently mixed with bio-chemicals and put in the market. Consumers fall sick. Hospitals are full with patients. Not only medical fields but also other relative agents have their business in sound. People are suffering and loosing their finance, health, precious life and time.
2. They introduce so many types of educational systems, build so many schools; publish millions of books and other tools. Parents do not know, children do not know and mass do not know. Without knowing; the entire people are suffering psychologically from time

immemorial. But the particular agents having these as bossiness.

3. From very ancient period rulers: introduced millions of epics, poems, dramas, cinemas, various types of personalities and so on and ordered to praise those as divine. Presently the same processes are still going on through out the world. Thinkers and lovers who are based on oldest [pre-historians or earlier modernists or earlier revolutionists] are calling that the earlier ones are holy. Present thinkers or present lovers [present historians or new modernists or new revolutionists] are calling the present ones are holy.

“Oh!! What ignorance? What a stupidity?

CHILD firmly and confidently declares openly that all these massages are belonging to everybody.

4. Other deadly problem is; all the electronic and other medias. These are the worst elements of those agents. They are the main cause of all the disasters. They act just like parrots. They have to stop bluffing, gossiping. They unwontedly rule, control, disturb, harm and damage the psyche of the entire people or mass. These are the main causes for the entire problems through out the world. They don't know when the cat catches all the parrots.

**SPECIAL NOTE**

All these so called sects had produced so many reasons and excuses after doing all the type disasters. All these sects are internally and externally netted.

CHILD is where to complaint all these happenings?

The word “CHILD” derived form the source of “CHI” or “SHI”.

“SHI” or “CHI” refers VISION. L refers LIGHT. D refers DVINE.

Child is VISION of LIGHT of DVIINE.

Child is not an infant or a baby.

Apart from physical and psychic problems there are many types of troubles and harms are around the human race such as Religions, Languages, Philosophies, Politics, Education, Professions and etc.

Religion is the first and the most important problem that child had met at the age of three.

Child always and only observes spontaneously blossoming happenings on the earth and in sky.

But totally and unexpectedly there was an artificial and forcible pull and hard call surrounded the child at the age of three from 'Nevinch'- that was the strong catholic background. Parents were surprised and they were unable to overcome that situation.

But the child had smashed and uprooted the so-called hard call and forcible pull from the Roman Catholic source naturally with smile at the age of three.

When the child was at the age of twelve met a person who was the founder of “International Conference of Thamizh Research”.

## 8. Discussions.

He was a Catholic Priest named as Fr.Thaninayagam Adikalar.

Child seriously questioned and had sincere discussions with him.

Questions:-

1. Are the conferences based on written documents? Yes.
2. Are the researches depended on collection of data's? Yes.
3. How far the documents and data's are possessing truth? Don't know.
4. What is the life letter or word or sound in Thamilzh? No answer given. Child said that will be only "IMM".

5. How many prime vowels are presented in Thamizh so far? Twelve. Is it correct? Don't know. Child said only five, excluding 'imm' and 

6. How many sounds formations or packages [letters] are available to register various types of sounds in Thamizh or in any Languages? Don't know.

7. Why you are always saying in your speech 'god has given life to me for to do service to Thamizh' that as your own

sayings? Maintained silence.

8. Are you the owner of that Sayings? Maintained silence with angry.

9. Is the founder of “International Conference of Thamizh Research” had stolen the sayings from the prime EXPOSITIONS which are the roots of Hindu and Saiva TRUTHS and which are based in Himalayas -- Inthusthan is the perfect pronounciation of Hindustan [Bhaaratham]? He had got up

from his seat.

10. Can you or anybody separate or divide the religion and language through any types of tactics or plots or diplomatic ways? He sat down again.

Discussions:-

1. **Originality:** - Is Christianity possesses originality? Why did they steal everything from Hindus and Saivites? [Trinity, various types of symbols, signs, Goddess worship, games

and etc—examples for **symbols: 1.** You burnt young coconut leaves and named as holy ash which is black in color. But Hindus and Saivites prepare holy ash from herbs and cow dam which is white in color.

2. **Jepam.** Hindus and Saivites use the garland for the ‘**jepam**’ {chanting} which is made out crystal and herbs seeds {ruraksha}. But your mission prepare from something else].

3. **Trizool** is the symbol of trinity of Hindus and Saivites. But your tradition have made little changes in the structure of Trizool and named as **cross**.

4. **Clothing.** Hindus and Saivites wear only one cloth as it is

which covers the whole body from very ancient period onwards. But your fathers stitch one cloth and they dress it.

5. **Word and Stick.** Hindus and Saivites carry **holy word** written in wood or stone or metal which always announces permanency and carry a strait stick which is made out silver. But your fathers carry curved stick and a script which is always in changes.

9.

## Game of chess: -

In Tamil language this game is named as 'KULAYAM' or KULAKAM [chess] which is discovered by Hindus and Saivites from time –immemorial. In this game God captures human or human captures God.

Dancing Shiva is named as God in this game. Sixty four divine arts are blossoming through this game. Billions of variations are

available and each and every game ends in different style.

It is a game played between divine kingdom and human kingdom. Divine kingdom has two Divine Palaces such as **Diving King Palace** as well as **Divine Queen Palace**.

Human Kingdom has two palaces, such as **king palace** as well as **queen palace** too. One side sixteen members are available including with their partners. Similarly other side too has same counts and same structures but

different in colors. Earth is one platform or stage and space is another stage.

Later on this game is introduced by saints and sages in palaces where kings and queens are use to play and then scattered between palaces, kings and other countries finally through out the world.

The very ancient Thamilz king Ravaneeswarar introduced chess game through out the world.

{Child has mastered this game in his age of five. Child has

mastered the game from the great soul Saththiyainthiraananthar }.

You and your Vatican people interpolated the structures of the chess game- the form of cross is placed over head of the both sides of the kings.

Why they have done like this?

**Trinity:** - Hindus and Saivites have discovered trinity from time immemorial as **TRUTH**, **ENERGY** and **INNERSPACE**.

But you, Vatican and other Christian organizations cheaply

announced trinity as Father, Son and Holy Ghost. Why Vatican had stolen trinity from Hindus and Saivites and given some other names?

Why they are cheating everybody through out the world?

**Goddess worship: -**

**Hindus and Saivites worship total ENERGY as Goddess and given the ideal format to the total ENERGY.**

But the entire Christian organizations introduced the

mother of Christ as SHE or goddess worship.

Can you realize the different between Origin [Hindus and Saivites] and duplicates [Christians]?

Signs: -

Hindus and Saivites use Thumps as their signs from time immemorial which will never changeable and for ever too.

But your Christian organizations have introduced signatures systems which are always changeable or could be signed by

any body else and would claim ownership for anything in the entire field.

Can you realize the weak systems in the administrative field everywhere?

Others: -

a. 'Mantram' - It consists of letter, word, sentences, phrases and meaning which is normally framed in Sanskrit language which is very ancient language too.

Sanskrit language blossoms from six types of pillars or prime sources such as follow: -

1. Varnam.
2. Mantram.
3. Patham.
4. Kalai.
5. Bhuvanm.
6. Thatthuvam.

But you and your Christian organizations are degrading and disgracing 'mantram', which means under measuring the wonderful language and it's

massages. They are fooling and hurting those who chant mantras. Mantram is common for Sanskrit and Thamilhz languages and Hindus and Saivites too. Any language may blossom as in the form of matram.

b. Yogam.

The entire Christian missionaries misunderstood and very bad way they had introduced yogam through out the entire world so far. This is one of the most

important evidence that they had stolen from Hindus and Saivites and had got by the eyes of the world.

Example- 'Pathanchali yoga sutra'

It consists of administrative methods that they had introduced so far which are in manipulated forms.

CHILD declares that the 'Pathanchali Yoga sutra' is not written by Pathanchali but should have been written by Christian's missionaries or by western person.

True and ancient yogam consists of: ---

1. Hatha yogam or Ashtaanga Yogam.
2. Parianga Yogam.
3. Keshari Yogam.
4. Chandra Yogam.
5. Sariya Yogam.
6. Kriya Yogam.
7. Raaja Yogam.
8. Gnana Yogam.
9. Shiva Yogam.

### c. Thirukkural

It is not an original script from Tamil language. But it is another form of translation of **Old Testament** which is interpolated within in the hearts and heads of Tamil people by the Italians or the Roman Catholics.

This is the very most important evidence for pollution and interpolation which were made by the Christian missionaries.

Thiruvalluvar is a dream personality introduced by the so called translators.

These missionaries had done heavy damages to the both languages as well as in Thamilhz and Sanskrit.

They had done serious disaster not only to the Religion but to the Language too.

d. buildings.

Your missionaries had similarly constructed the model of Vatican especially in Ceylon [SHIVABHOOMI] as town halls in Colombo Jaffna and other arias. Even Jaffna public library was the same module too.

### e. Paradise.

In the Old Testament paradise, mountain, Eden garden, fruit and a person [Jesus] was introduced. But your missionaries are still in search of all these not only in Ceylon but they search of their dream concepts and places in whole of Hindustan [particularly in Kashmir]. Do all the missionaries want to convert the Hindustan and Shivabhoomi [Ceylon] as Christian countries?

In both places, unsolved problems are still going on from long time onwards.

Your missionaries are the only cause for all these happenings.

f. LINGAM [the form of OVAL].

The entire Christian missions and other groups had misinterpreted the Lingam worship of Hindus and Saivites. It was one of the most destruction done by your missionaries.

CHILD is trying to explain the actual worship of LINGAM.

1. Worship of LINGAM.

It is categorized in to six ways naturally from time immemorial by the Hindus and Saivites for worship.

**a. Anda Lingam: -**

The ENTIRETY or TOTALITY is in the form of Lingam.

**b. Pinda Lingam: -**

The entire forms are in the form of Lingam.

**c. Athma Lingam: -**

The Inner-space is in the form of Lingam.

**d. Gnana Lingam: -**

Divine Master is in the form of Lingam.

**e. Sarva Lingam: -**

The entire non beings are in the form of Lingam.

**f. Shiva Lingam: -**

This is specially made out by the precious stones, gold, silver, mercury and other metals or sand.

## **2. Worship of NDUKAL.**

If true saints, sages, great kings and love ones pass away for a memory shrine will be formulated.

### 3. Worship of KANTHU.

Powerful king fight all over the parts of the world. If he was victorious they would build huge temples for to mark victory.

Examples: -

1. Sholar temples at Tanjoorvur in south India.
2. Palavers temples at Kaanchipuram in south India.
3. Paandian temples at mathurai in south India.

4. Ponnampalavaanessvara temple at Colombo in Ceylon.

4. Vaitheesvaran temple at Jaffna Ceylon.

These are all man made temples.

But **MOUNT KAILASH** is the natural Lingam only worshiped by the true Hindus and Saivites.

Later on various types of mounts were introduced by the other inventors [Christians] such as Ape mount, Adam's peak and etc.

**Your Missions had announced that the Adam and Eve [king and**

queen of bible-old testament]  
were lived in Ceylon. It is a big  
joke that your heroes made so far.  
g. Marriage issue.

You and your missionaries had  
done the unrecoverable heavy  
damages to the Hindus and  
Saivites in the name of marriages  
and sex.

In a very tactful way your  
members were penetrated in the  
Coe of the Hindu and Saiva  
families had sex with Hindu and  
Saiva girls and silently had left  
the girls. Later on you and your

missionaries introduced the counseling through and by very well trained doctors.

Those innocent families and their girls didn't know anything. In the name of reputation they marry some others. But your members' children were carried by the innocent girls.

This practice is still going which are being continued by the so called freedom fighters that are created by your Christian missionaries not only in

Shivabhoomi but also through out the world.

This is happening in the Buddhists families which are introduced by your missionaries too.

Child has huge responsible to protect and safeguard not only Hindus and Saivites but Buddhists too.

Child orders that send Christ back to Bethlehem return all the types of bibles and missionaries to Vatican.

Then only Asia will blossom peacefully radiates and transforms tranquility and harmony throughout the world.

If you all fail to do so the DIVINE will take hard and serious action.

h. slavery issue.

In the name of **humanitarian motive, service attitude** and etc your missionaries had play the drama of havoc. This leads the people in the state of slavery.

i. Poor's issue

Your missionaries are always with full of money that is from Vatican and they purchase all the poor people.

Later on the people work against the Hindus and Saivites.

The missionaries worked up further which is that they had entered in a family, purchase at least a family member and put the member to fight against the own family system.

This is the worst disaster that your missionaries had done to Hindus and Saivites which is not only

unbearable action but also the maximum suffocations produced to the families of Hindus and Saivites.

The purchased one are acting more violent than Vatican against to the Hindus and Saivites.

The entire Christian missionaries made big blow between Hindus and Saivites and later on your missionaries had done the blow between Hindus and Buddhist.

It means your missionaries had done the damages in the Asian countries.

Did you know that the Hindus, Saivites, Buddhists and other Asian religious practices are originated from the same source – Himalayas [Kailash]?

Your missionaries and your brother missions [Islam] were started religious war long ago.

Can you identify the ‘so called quality’ or ‘super cultured people’ of the entire Christian missionaries?

Why Catholic fathers submit their researches only in German language?

Why they write lot of books and pamphlets in search of relationship with Hindus and Saivites after doing deadly damages to the origin of Inthu [Hindus] and Saivites? What is the different between yours and earlier invasions? Those were done the worst damages to the ancestors not only in our land but everywhere in world?

Why Catholics and the other Christian organizations unilaterally announcing that this 'child' is Jesus?

Can't you realize that this child is originated from Hindu and Saiva source of Hindustan?

Are these organizations have created militants groups and terrorists sects not only in the land but through out the world? Weather Islam also supports all these process?

Is the Islam is the brother of  
Christianity?

6. **Purity:** - Why you declare that  
the bible is purity?

Why then they always up-to-  
date the bible time to time?

Weather they have stolen  
everything from EAST of  
globe!

**PURITY NEVER CHANGES.**

Don't you know this prime  
truth?

Is Christ is a person

introduced by the ancient so called psychologists and rulers as a 'dream personality'? In the names of friendship education, service, health care, food-clothing- lodging, counseling, culture, developments, social and national benefits and etc are they fooling and damaging truth which blossoms in EAST.

## 7. Holiness.

You organization and other missions play with words and fearing the entire population on the earth.

Holy father, holy son, holy mother, holy book, holy land holy war, holy cross and etc....

What are the meanings of all these terminologies? Are these words are used for the purpose of 'brain washing techniques' to the rulers and the people like communists?

## 8. Titles.

Your Vatican mission and other miscellaneous sects are introduced various types titles through out the world.

People and leaders are struggling and fighting for the ‘so called titles’.

Why your backgrounds are using all these types of tactics which are made imbalances in the human nature?

## 9. Virgin.

Your mission had introduced ‘Virgin Merry’ for bring forward Goddess worship. Virgin word Is derived from Virginia which is a part of human anatomy. Why your ancient mission used this strategy for divine worship this is still going on through out the world? How are you going to rectify all these rubbish and madness! Oh! What foolishness!

## 10. Vigilant

You and your mission

unnecessarily awake your members and people and ask them to be in the state of vigilant. All these people are lost their living ability which is the wealth and gift of God or nature.

There are always surrounded by fear and shocks. Why these artificial orders are still going from the period of Mosses onwards?

## **11. Ten commandments.**

The worst irrelevant massage and bluff is; the Ten Commandments

which are differ from place to place, scripts to scripts [various types of publication of bible] and priest to priest through out the world.

How are you going to sort it out all these types of mess from the time of Mosses?

How your Vatican missions are going to do their propagation work even in their own place and their own members genuinely?

## 12. Sex.

The entire catholic priests many time asked the head of Vatican directly that they want to marry or want to have sex unofficially. But the head had allowed only for the unofficial request.

Do the people in the world know this orders and habits of these so called priests, the head of Vatican and their teachings?

## 13. Sub-stories.

In your so-called script has full of sub-stories which is misleading and put your

members and other followers in dreams or in sleep.

These are the artificial process.

How are you going bring back in to normalcy?

**14. What had propagated so far?**

You, Vatican and Christian organizations should had have been spread only and only the OLIVE plant but not any script or bible.

If that had done so far, the earth should had have been full olive plants which would had have been used by the entire people. But that was not happened.

‘OLIVE plant possesses full of medicinal values, which originates from Bethlehem’.

Even it is not too late to supply olive plants all over the parts of the world.

So stop supply of scriptures and bibles and other rubbish works [conversions and etc].

**Due to all these, the entire**

people were lost the natural  
ways of livings.

Child is not only questioning  
but wants to clear it out the  
entire obstacles on its path.  
Auto biography is not a story  
or myth or dream or bluff or  
manipulation but it is the  
petals of fire of completeness.

Discussions and questions  
were happened in front of the  
great soul  
Saththiyainthiraanathar.

Suddenly the particular father questioned that ‘may I share anything with.....’ Child spontaneously said that ‘It is not a question of sharing. It is a non stop war which is happening from more than thousands of thousands years. If you have any problems or want any needs you can ask’.

Do you know the important secret that the “S.J.V.S is going to kill all youths in the whole land, for his name,

fame, for Vatican mission and  
so on.....”

These discussions were  
happened on the year of 1971.

After this lightening message  
Saththiyainthiraananthar took  
the child back to his place.

After these happenings; the  
**child** left the home and the  
land towards to the holiest and  
sacred **mount Kailash** with the  
**Saththiyainthiraananthar**.

There was a peculiar happenings occurred before leaving the home towards Mount Kailash.

One day **Child** was forcibly pushed to the state of anger by the family members [for joke].

But **child** seriously entered in the state of anger.

After couple of minutes; **child** hidden in his own way and style.

Family members couldn't find the **child** for the day and the night. They were searching all over the place including lakes and wells. They couldn't find the location where **child** hidden.

Following day morning they found the **child** in the Shrine unexpectedly.

Anyhow; **Child** had done a very special and deliberately secret ceremony to safeguard home, members of the home and the land.

The Ceremony follows: -.

There was a very **ancient symbol** [TRYZOOOL] at child's place.

\*\*\*\*\*

**Child** transformed: -

1. **Prahnic energy**
2. **Energy of Inner-Spirit.**
3. Holy blood from both **Palms child.**
4. Implanted the **Inner-Space** of **Child.**

After this very special ceremony; the symbol as had become

identically as **Child** and had begun to function as the greatest protector [defense] too.

\*\*\*\*\*

After this incident **child** joyfully left the home towards to Kailash.

## 10. In Kailash

The **child** had spent a very long period of time in the holiest mount Kailash.

When child first time landed in the Holiest mount Kailash, Child was surrounded by various types of people and Saadhus including Laamas. There first question was:- Child was from which country?

Child answered spontaneously

“I am from **NEERVELY**”

Saththiyainththiraanathar  
said they were asking name  
of your country. Child was

again and again replying

I am from **NEERVELY** which

is surrounded by water in all

the directions. It may named

as Mt.Kailash or Shivabhoomi

or Lanka or Benaaras or

Mansarovar or Earth.

NEER means water.

VEELY means protection or

Limits.

Earth is surrounded by the Water.

The very ancient name is Shivabhoomi [Elankai] given by Thirumoolavar.

But the child realized the natural name is **NEERVELY**.

Saththiyainthiraananthar too and others were in the state of Shocks and surprises.

All the saints, sages, people and experts were accepted the true facts and messages.

CHILD has produced as: -

1. True format of Language.

2. True format of Religion.
3. True format and the name of Nation.

Child said TRUTH is TRUTH.  
But mass and other Medias say  
'This is terrible'.

They were failed to face and  
realize these facts and TRUTH.  
Oh! What foolishness and  
ignorance.

When and how all these people,  
Medias and other leaders are want  
to come out from all the types of  
prisons, dreams concepts,  
delusions and illusions which are

generating endless suffocation throughout the world still up to now.

**Why did you come to this spot?**

Child answered---

Because: - air is polluted.

Water is polluted.

Food is polluted.

Reason: - Charmers are the cause

For the entire pollution.

Some more or the other ways they want to disturb or destroy perfect balance of the nature. These are tactics, the various types of invasions [**other types of religions,**

even so-called freedom fighters  
and communists] were made.  
These will destroy the originality  
of everything.

Their third question is about the  
'name' ...

Child answered....

“M”

“Mshar”

“AUMshar”

“SHIAUMSHAR”

“Umashankar.Shiaumshar”

Their fourth question is about the  
names of father and mother?

Saththiyainthiraananthar didn't allow me [child] to answer it. He said to them firstly welcome the child, become friendly with child and opens yours hearts and minds to the child. Then only child will able to share at least the externals. After this message, they realized the seriousness of the child. Firstly they had shown their medical care center. Without any fear child met all the types of sick people. There were no doctors in the center but the ratio of the nature

[the five elements] were maintained perfectly.

Most the illnesses are caused by the failure of the maintenance of the ratio of natural elements in the human anatomy and as well as in the surroundings.

Child realized if anyone destroys and even imbalances the ratio of the natural elements in and out will be terrorist.

Child had cured sick people who were in the state of very serious condition, with his healing hands.

Most of the medical experts had realized “nature cure system” in their very later stages. But it was too late.

Child mastered his healing career based on the “nature cure system of complete medicine” from the age of five to the age of twelve.

Now only the child is hearing that, in Germany; ‘in their educational system they guide the students at the age of seven towards to their natural talent of students such as medicine, technical fields and so on’. But in the very ancient period

onwards in the eastern part of the globe the great seekers had these types of systems and practices.

When the child was at the Holiest Mt.Kailash may able to absorb the feed back control system not only in the medical field but also in each and every systems too.

Child was sung set of poems and firstly delivered to them [at Mt.Kailash]. Later on recently translated this poem in Thamilhz for the publication on the law-college magazine.

# Leave it to live

\*\*\*\*\*

Blowing air naturally blows  
Speaking air naturally speaks  
Nation, unseen, natural 'child'  
Leave the child to dwell, for ever.

\*\*\*\*\*

Trees, creepers flowering fruits  
Bowling heads think for thee act  
Penance observers, wait for merit  
Leave, trees and creepers to live.

\*\*\*\*\*

Making laws for wasting life-span  
Learn to live under thee feet, stand  
Rivers and seas asking freedom  
So, stop plot at once for it.

\*\*\*\*\*

Calling earth, land as mother  
But, had put those for an auction  
Want to praise earth land mother  
Don't divide earth and land.

\*\*\*\*\*

Natural child, is spark of God  
Natural child, to blossom naturally  
Anyone realizes, nature of nature  
Leave the child of nature, to live.

\*\*\*\*\*

After these poems all the Saadhus become so friendly with child. No questions didn't arise from them and always were listened the silence communication of child when ever and where ever it radiates.

They said; if child didn't like or shy to talk, it might have been sung songs. Child accepted their proposals. Child realized that poems are the best formula to express or share anything with anybody else in brief and it is the

ancient natural system and style  
too.

Child felt that the ‘oviyam’ was  
[photo&video] the perfect and  
clear transformation of everything.

Wishes to wisdom, creative wise  
Blossoming freshness as flower;  
Kisses to loves ones beings in life;  
Tranquil harmony balance base.

Compassion silence guides thee;  
Grace prevails finally in out  
Heart mind free thou illness end.

Holiest Kailash springs Trinity.

Trinity sources the Inthu base  
Jains blossom a base- Trinity  
Buddhists is the base of Trinity  
Saiva is too originates in Trinity

**All three are in 'Inthu'** –primly  
Jains link in Brahma,  
Buddhists bond of Vishnu  
Saivites entangles with Shiva

**Trinity formulated in LINGAM,**  
Base structures as Brahma portion  
Middle constructs as Vishnu part

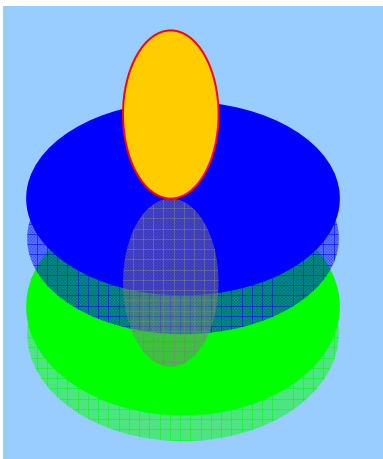

Peak Blossoms as Shiva finally.

Base with middle springs energy

Both with Peak radiates grace

Base mother, middle father

Both blossom as Child in full.

● PEAK- SHIVA-LINGAM-CHILD ----SAIVITES } GRACE

● MIDDLE-VISHNU-FATHER---BUDDHISTS } ENERGY  
● BASE-BRAHMA- MERU-MOTHER---JAINS }

Child frames holiest TEMPLE for child [SOUL], WHY?

Wildness scattered, boldness disappeared,  
Mild approaches secretly imbalances everything,  
Failed, to balance EARTH; so called Temples and Shrines.

All!! Leaders shout freedom! People suffocate!!  
Ball!! Is the final product of game of power? Though  
Wall!! Doubts barrier of everything? Thy  
Shall!! Wall fall!! May all leaders will fall!!

Ball!! LIGHT OF BALL IS ONLY SUN,  
Ball!! Only ENERGY presences for ever,  
Ball!! Springs POWER variations every moment,  
Ball!! Flashes GOALS of everything thy never end.

Ball!! Is not soccer one, where full of gambling,  
Ball!! Is not cricket one, there full of bets?  
Ball!! Is not tennis one, here full of business, ACTUALLY!  
BALL!! LIGHT BALL IS LIGHT BALL OF SUN.

SUN!! Balls as LIGHT on EARTH, where the same  
SUN!! Bats; with oceans, greenly things and elements  
SUN!! Judges entire systems on EARTH, Oh! Wonder!!  
SUN!! Ever blossoms with freshness.

\*\*\*\*\*

While all these poems were sung by the child at Mount Kailash,  
all the masters were questioning about the structure of ball.  
They said “Earth is also in the form of ball”. It is the normal message  
which was informed through out the world up to now.

**BUT CHILD DISPROVED THE STATEMENT.**

# 11. Structure Of Earth

Disproval follows:-

Earth's **North- South** distance may be 21,000miles.

Earth's **East- West** distance may be the same.

Earth's **highest point [Mt.Everest]** may be at six miles.

Earth's **radius** may be four miles. The measures of **highest point** and **radius** of the Earth may be ignorable when we compare with the distances of the north -south and east- west. Or both measurements may be named as thickness [highest + lowest] and it may approximately equal to nine or **ten miles**.

Earth is not in the form of ball. Shape must be in the form of a coin.

North-south = 21,000 miles [may vary]

East -west = 21,000 miles [may vary]

Thickness = 10 miles.

Another view of the coin [earth]: -

In the sky or space or OUTER SPACE Earth is the only form is in the position of “state of very high peak of stability”.

If anything is in the MATTER FORM it will never be in the state of mobility. If anything can be in the state of mobile, it should become to the form of “LIGHT OR OTHER SUBTLEST WAYS” – Light ball or ways of source.

Other forms such as aircrafts and other flights which are man made gargets will act only a temporary action in very limited areas.

All the experts [mathematicians, geographies, scientist, technologist, saints, sages and other discoverers] had failed to produce the actual structure of the earth up to now.

\*\*\*\*\*

THAT IS WHY CHILD IS ALWAYS QUESTIONING ABOUT THE ENTIRE SYSTEMS OF EDUCATIONS THROUGH OUT WORLD.

\*\*\*\*\*

Most of the present educational systems are in a very high form of theories and those too are also only feeding to the head. Below the head nothing given and those parts are just functioning like dead. All the students are in the state of the worst conditions in and out. There is nothing in practice and in all those systems, which are having failures of truth.

\*\*\*\*\*

Every student must complete all the types of his or her studies including professional educations before eighteen years. They must come out with profession, title and job just after completion of their age of eighteen years. Then only they will become totally free to face their life as well as world too. From the age of eighteen to, up to the age of sixty or up to eighty or up to hundred years they can soundly enjoy their life as they want.

Each and every person has more than seventy years of periods freely available to enjoy his or her life simply, soundly and perfectly without any pains and without harming anything.

\*\*\*\*\*

This is the best way to give total and perfect freedom not only to the head or brain cells of a student but every person too.

\*\*\*\*\*

**State** must take very serious action about all the types of educational systems and there structural and practical process of educations without any excuse, arguments and delay. Present educational structures and systems should have to be revoluted from “A” to “Z”.

\*\*\*\*\*

If a student wants to become as in a “particular field”, the student must be guided on the particular field from the age of five or three. Identification of the field of the student will be decided from various types of sources.

The sources may follow: -

1. Parents of the student.
2. Traditional talents of the family tree or background.

3. Student's atmosphere.
4. Student's natural talents and abilities.
5. Student's natural behaviors, habits and characters.
6. Student's health of inner and outer structures.
7. Teacher's observation on student's talent.
8. A genuine priest's observation on the student where student dwells.
9. A genuine master or principal observation on student.

\*\*\*\*\*

# 12. Subjects and Classes

**CHILD** may introduce and forecast the actual, practical and theoretical educational systems and process little by little. **CLASS** and **SUBJECTS** begins now.

- Newly born baby firstly, **directly** and simultaneously faces or meets without knowing about the followings: -

1. **LIGHT**. 2. **SOUND**. 3. **AIR**.

## 1. **LIGHT**: -

Light is the prime source of the entire **VISIONS** and **PERCEPTION** of baby.

Education begins at **LIGHT**.

Various types of sources of **LIGHT** the baby may meet.

- a. Light form an **oil-lamp** [many types of oils lamps such as coconut oil, gingili oil, ghee, sandal oil and so on].
- b. Light from **electricity** [various types of bulbs].
- c. Light from **SUN** [direct sun light and indirect sun light].
- d. Light from **stars** and moon.

- e. Light from **fire and flame**.
- f. **LIGHT illumines within**- It is a rare happening within a newly born baby.

Without knowing anything, newly born baby experiences the above mentioned sources of LIGHT or these sources of LIGHT is available to undergo for each and every newly born baby on earth. The parents must be very carefully to introduce the source of the various types of LIGHT to the baby.

**EDUCATION begins here to the parents.**

LIGHT from the oil lamp is the best and perfect source to introduce the newly born baby.

**IT IS THE ONLY LIGHT WILL CREATIVELY SAFEGUARD THE STRUCTURE OF MIND AND BODY OF THE BABY. AT LEAST THREE TO SIX MONTHS, THE LIGHT FROM AN OIL LAMP HAS TO BE EXPERIENCED BY CHILD.**

Later on other types of light can be introduced to the baby. Acceptance and rejection totally depends on baby.

**TOTAL PROTECTION OF KNOWN EYES IS THE FIRST SUBJECT TO BE LEARNED PRACTICALLY AND THEORITICALLY.**

- Protection of known eyes is very important process that has to be observed.
- Eighty five percentage of energy is wasted through eyes. This energy has to be safeguarded; then only a person may able to

maintain perfect physical and mental health.

- Eye's inner and outer structures are the main doors of an anatomy.
- Known eyes **naturally open** and blink. In the state of sleep or meditation known eyes are been in the state of rest.

#### a. Protection made by LIGHT.

Light of oil lamp is the perfect solution not only a baby but also to anybody which totally solves most of the problems of **inner** and **outer** structures of persons.

#### b. Protection made by DARK

If a person is free or alone:-

--During that period he or she may able to close the eyes naturally for some period of time.

This process is applicable not to a baby but to everybody.

--During the free period, the person can stay in a dark place or just bind or tie the eyes with thick cloths or with by fingers.

#### c. Protection made by neither LIGHT nor DARK.

It is a middle path solution to the eyes.

This means; not to be in the light or dark but to be in calm, cool and collective atmospheres.

#### d. Protection from various types of rays and other sources.

Form the **age of three** onwards a baby can study about all the types of theories and practical process of **LIGHT** or **SOURCES** of **ENERGY**, the inner and outer structure of **EYE** up to the **age of seven**.

# 13. UNKNOWN EYES

There are three types of unknown eyes in the human anatomy.

These structures and functions are to be analyzed.

### 1. Center of the eye brows.

Externally this point [eye] functions as one of the **main sense**. It makes spontaneous or immediate response for any types of touches or actions, reactions and counter actions on the external and internal area of human anatomy.

Internally this point functions as **SECRET DOOR** where life-force may able to leave the form and come back to form. Normally this point is named as **THIRD EYE**.

#### How to protect this point?

- a. Place pure **yellow sandal** powder or **red sandal** powder.
- b. Place recognized cream of leaves, introduced by the herbical-experts.

These types of cover, can only be externally applicable, to the known eyes [when the eyes are closed] and to the third eyes. In the process of application the anatomy must be in the state of in the state of rest.

- c. **THIS POINT DOES NOT HAS NATURAL PROTECTION. IT IS ALWAYS OPEN.**

A DROP of Sandal oil or other herbical oil can be place on the point.

## 2. Top of the head or brain.[Named as fourth eye]

**It has three natural covers.**

a. hair. b. membrane. c. bones.

This eye is naturally well secured.

Selected covers may provide additional protection to the fourth eye.

Applicable of herbical oil may help to vibrate and function perfectly.

Fourth eye externally functions as a **door, antana, absorber, observer and mediator.**

Fourth eye internally functions as the

- a. **CENTER** of **EQUILIBRIAM** of the anatomy.
- b. **SUPPLIER** and **TRANSFORMER** of current through out the anatomy.
- c. Thousand petals of **LOTUS** flower where various types of lights and radiations.
- d. **FILTER** which reforms, revolutes and sublimate all the types of seen and unseen elements and finally allow and permit those elements in to the anatomy.
- e. **HEAD** of **HEADS** or **LEADERS** of the anatomy.
- f. It is the source where nectar springs.

### 3. A very special point sheltered in the main aorta.

It is the **fifth eye** of the anatomy.

**FIFTH EYE** is hidden in the anatomy. It is highly secured. Its structure is comparable to the empty space or outer space and named as **INNER-SPACE**.

This **FIFTH EYE** which has everything and will supply and bestow spontaneously to the anatomy; when ever, where ever and what ever the anatomy is in urgent needs.

**HOW TO OPEN? HOW TO MAKE USE OF THOSE EYES-  
UNKNOWN EYES? HOW TO MAKE THOSE EYES TO  
FUNCTION? HOW TO OPERATE THOSE EYES?  
[THIRD, FOURTH AND FIFTH EYES]**

Normally and naturally these unknown eyes won't function. There are always in dormancy from the birth onwards.

**HOW TO OPEN?**

IT IS A QUESTION FROM TIMEIMEMORIAL AND IT IS  
A VERY IMPORTANT QUESTION TOO.

For this question **CHILD** wish to introduce a very special,  
significant **STORY** and that is true one too.  
**THIS STORY IS A DIANAMIC TURNING MARK OR  
TURNIG POINT OF INNER AND OUTER STRUCTURE OF  
CHILD. THIS** was shared with **CHILD** at the age of five by the  
holiest person Saththiyainthiraanantar.

# ACTUAL STORY

### The story follows: -

- Once upon a time, a young and godly person was living in the north part of Bharatham [INTHUSTHANN].
- Elderly people were put him in marriage life. He did not have children. He married again. He decided to leave the city and he wanted to live in jungle. He went to jungle alone. Later on, only the second wife joined him at jungle.
- They got a son while they were living in the jungle.
- Son grows little by little.
- Son reaches at the age of three.
- Sharing, discussions and talks were started between son and father at the age of three.
- There was a huge banyan tree. Under the banyan tree father and son drama begins.
- What ever question when ever asked by the son, the son will be chased out of the jungle by father.
- One day the son asked the father,

### ‘WHAT IS THIS?’

[While having, a fruit from banyan tree in his hand].

- At the age of three, son was first time chased out of the jungle. Father strongly told to the little son ‘go alone and asks everybody, find the answer and then come back to me’.

- The little son very hardly went out of the jungle and asked everybody ‘what is this?’ Everybody screamingly looked upon the little son and said, ‘it is a fruit of banyan tree’.
- LITTLE SON CAME BACK TO HIS FATHER WITH ANSWER AFTER AT THE AGE OF FOUR.
- During that period how that little son looked after its day to day needs; is still in puzzle.
- ‘Father this is BANYAN FRUIT’ the little son answered.
- ‘What is INSIDE the BANYAN FRUIT’? The little son asked another question to his father. Second time the little son was chased out of the jungle by his father.
- Son went out of the jungle and asked everybody;

### ‘WHAT IS INSIDE’?

- Everybody answered differently.
- The different answers follow: -
  - a. “Inside, full of sweet juice is available”
  - b. “Inside, full of seeds are available”
  - c. “Inside, full of different beings are living”
  - d. “Inside, various types of covers are available”
  - e. “Inside, various types of solid, liquid and air are presented”
  - f. “Inside, life of ‘new banyan tree’ is available”.

The little son came to his father at the AGE OF FIVE and told all the types of answers.

When the little son came back, his mother was missing. But the little son did not ask anything. Father said mother is expired.

There are no different signs found on the little son hearing about his mother’s death.

Now father told to the son;

**‘OPEN THE FRUIT’** and  
**‘FIND OUT WHAT IS INSIDE’.**

The little son opened the fruit very carefully and told to his father that all the answers are correct.

- The little son collected one **SEED** out of many, from inside the fruit.
- The little son showing the seed and asking the father;  
**“ WHAT IS IN ”**
- **Third time** the little son was chased out of the jungle at the age of **SIX**.
- The little son went to villages, towns and cities asked almost well known **seekers, thinkers and other various fields of heads**.
- The little son couldn't find any answers from anybody and he came back to his father at the age of **SEVEN**.
- “Father I couldn't find any answer from anybody”.  
Father ordered to the son to;

**“OPEN THE SEED”.**

**The little son asked the father**

**“HOW TO OPEN”?**

Father was guiding the little son to open the seed in to half.

- “WHAT IS IN”;

Father asked the little son.

- “NOTHING IN”

The little son said.

- “How can you say **nothing** in”?

“How then this **huge tree** comes out from the **smallest seed**”?

“Is it from the source of **nothing** the huge tree blossoms”?

“Is it from the ‘**nothing**’; **entirety** blossoms”?

Father questioned to the little son.

After these father’s question;

- **The little son was in silence for three years** [from the **age of seven, up to the age of nine**].
- Son couldn’t tell to his father ‘go out of the jungle and find out the answers’. That is why the little son was in silence. But **father was failed to realize the ‘state of SILENCE’ of the little son.**
- At the age of nine the little son had broken his silence and very seriously questioned his father;

## 1. “HOW TO OPEN”?

2. “WHAT IS IN”?

3. “AM I A FRUIT”?

4. “AM I A SEED”

5. "AM I A TREE"

6. "FROM WHERE AM I"?

While raising all the six types of questions; the little son was pin-pointing his both hands towards to his heart.

- Father was in the state of surprise but he didn't show it.
- Father realized that he was going to leave the son permanently for ever. He graciously told to his son "go any part of the world and find the answers for your questions from anybody"
- Without any hesitation the little son accepted his father's kind order and left his holiest father, jungle and started his journey at the age of NINE traveling everywhere throughout the entire parts of the world.
- The little son came back to the jungle, at the age of twelve where his father's place; without finding any answer from anybody throughout the world.
- THE LITTLE SON FOUND THAT HIS FATHER EXPIRED. HE HAD FOUND THAT HIS FATHER HAS APPONTED AN ELDERLY LADY ASSISTANT; TO MAINTAIN THE JUNGLE RESIDENCE AND LEFT AN IMPORTANT KEY AND VERY SPECIAL MESSAGE FOR HIM.
- KEY AND MESSAGE WERE WITH THE ELDERLY LADY.
- THE LITTLE SON ASKED THE KEY AND THE MESSAGE FROM THE ELDERLY LADY.
- BUT THE ELDERLY LADY SAID, 'YOU HAVE TO SERVE ME AT LEAST NINE TO TWELVE YEARS'.
- THE LITTLE SON ACCEPTED THE ORDER; UP TO NINE YEARS HE SERVERD AND LOOKED AFTER THE ELDERLY LADY VERY WELL. End of nine years the elderly lady was fallen sick and passed away. Before her death she

handed over the **KEY** and **MESSAGE** to the little son [at the age of twelve].

- AT THE AGE OF TWENTY ONE; THE LITTLE SON GOT THE **KEY** AND **MESSAGE** from the elderly lady.
- **WITH THE HELP OF THE GIVEN KEY AND THE GIVEN MESSAGE; WHILE HE WAS OPPENEING ALL THE UNKNOWN EYES AND UNKNOWN DOORS AT ONCE; OF HIS SYSTEM, SPOTANEOUSLY AND SYMULTANEOUSLY HE WAS BEING SPARKED IN THE STATE OF TOTAL PERFECTION FOR EVER.**

Special note: - **ONE**

In this true story or in this very ancient history: -

- A. There are no **EXCUCES** between father and son.
- B. There is no **superficial questions** raised either son or father; as well as **superficial answers** answered.
- C. There is no chance for **LOVE** between father and son.
- D. There are no signs of **compassion** found between father and son.
- E. There is no question of **ownership or possessiveness** raised.
- F. **ODER, ACCEPTANCE, SILENCE AND ACTION** are only presented totally.

Special note: - **TWO.**

### **BANYAN TREE**

- A. It is named as “**ASWATHTHAM**” in an ancient unknown script. In the ancient script the **banyan tree** was explained; ‘it is the **only tree**’ in the space, where the additional roots are routing from its branches, towards to the earth.  
Most of the true mediators performed their best actions and discovered many cosmic secrets as well as the secrecies of humanity.

- B. The **FIRST MASTER – GURU**  
[**THIRUNANTHI THEVAR-**  
**THECHCHANMOORTHAM**] AND **FIRST**  
**EIGHT STUDENTS WERE BEING HAD HAD**  
**THERE TOTAL SHARINGS THROUGH THE**  
**SOURCE OR MEDIAM OF SILENCE.**
- C. It is the ‘king of tree’ in the botanical kingdom;  
which captures and scattered miles and miles of  
land area from its original location.
- D. Further references are available about the tree; in  
the **BOOK OF “CHILD”**, recently published in  
the website by the auto biographer-child as: -  
[[www.s-s-u-shankarji-cey.com](http://www.s-s-u-shankarji-cey.com)]:- there already had  
mentioned as ‘**ASWATHTHAM** is compared with  
**HUMAN-ANATOMY**’.

Special note: - **THREE**

“One **TRUE** and Perfect Person” is enough for the  
entire world to balance everything completely and  
fully.

Special note: - **FOUR**

Specially the very ancient Tibetans [Lamas],  
Romanians [Catholics], Chinese and other nations  
were in search of “one perfect and **TRUE** person”.  
Still these searches are going on throughout the  
entire parts of the world.

They [all the types of heads] are trying to create

‘perfect and TRUE person’ through artificial methods, introducing by through various types of external forces or artificial keys.

**GIVEN-KEY**

- GIVEN-KEY is belongs to every human-beings.
- It is available from their birth onwards.
- But ninety nine point nine percentages of the human-beings are ignored their given data as well given key and given message.
- Given key is called as only the key for NATURAL TEMPLE [human anatomy].
- KEY is named from time immemorial as: -

“THASA MUKI” OR

“THASA  
MUTHTHIRA” OR

“THASA MUKI  
MUTHTHITHIRA”.

# “TEN KEYS ARE IN A ONE BUNCH”

- Actually it is one key.
  - It may be look like ten keys.
  - If it opens one known eye, four unknown eyes and **TEN unseen doors** in the anatomy; one by one, it may be called as ten keys.
  - **TEN DOORS** may follow: -
    1. Door of creativeness.
    2. Door of protectiveness.
    3. Door of compassion.
    4. Door of grace.
    5. Door of salvation.
    6. Door of elementation.
    7. Door of soundation.
    8. Door of vibration.
    9. Door of energy.
    10. Door of wisdom.
  - If ten doors and five eyes open simultaneously and spontaneously, it may be called as one key.
  - Once the unseen ten doors and five eyes open at once, it will never be closed by anything or any external forces or any external sources.
- Opening the unseen eyes and ten doors is named as: -

‘PARI POORNA THEEKSHA’

Or

“THASHA THEEKSHA”

[TOTAL INITIATION OR  
PERFECT BAPTISM]

For this action and actual transformation;  
anybody can contact or communicate with  
the child [the auto-biographer].

Another **two types of stories** which are very ancient ones; **child** was  
shared with the holiest Saththiyainthiraananthar during the age of  
five, **WISH TO SHAER WITH EVRYBODY.**

**STORY ONE: -**

# 16. CAT AND RATS

- There was a huge **Boodhe tree** near river bank.
- Under this tree, **one cat** was meditating daily.
- One day, the **cat** was meditating continuously for days and days.
- **Cat** was dressed with robes, wearing special garlanded and having best beetles in his hand for chanting.
- Around that area, there were lots of **rats** living.
- **Rats** were observing, the actions and behaviors of the **cat**.
- One day, all the **rats** got together and went to see the **cat**.
- “Oh! **Cat** what are you are doing”?
- “What has happened to you”?
- “Did you stop **killings** us”? Asked by all the **rats**.
- **Cat** laughed loudly and said “Don’t disturb me. I am meditating. I stopped killings. I have become as a vegetarian.”
- **Rats** again asked “where are you living?”
- **Cat** told all the **rats** “Please come all of you on the full moon day. I will show my residence.”
- All the **rats** were believed the words of the **cat**.
- Following the full moon day, all the **rats** went to see the **cat**.
- **Cat** was preaching to the **rats** for long time, finally coming out from his meditative position and was calling all the **rats** to see his residence.
- All the **rats** went to see the **cat’s** residence.
- Residence was wonderfully framed. All the **rats** were moving inside the area of the residence very freely and comfortably.
- **Cat** slowly locked the residence’s door and came out.
- The entire **rats** were got caught inside the **cat’s** residence.
- **Cat** was telling to the entire **rats** “here after nobody can leave this place. Every day I am going to kill one by one of you all”.

While listening the **cat's** messages, all the **rats** were in shocked. They can't do anything and they will never come out from the **plote of cat.**

**VERY SPECIAL NOTE: -**

1. **CAT: -**

**MONK OR SAINT OR PERSON,  
TEACHER OR MASTER OR  
PRINCIPAL OR SO CALLED GURUS  
[FROM IN ANY TYPES OF RELIGIONS  
OR FROM ANY TYPES OF HEADS OR  
SO CALLED FREEDOM FIGHTERS]**

2. **RATS: - IT REFERS**

**YONG GIRLS AND STUDENTS IN  
SCHOOL, COLLEGES AND  
UNIVERSITIES.**

### 3. Boodhe Tree.

It refers; Schools, colleges, universities and etc.

### 4. KILLING

IT MEANS HAVING SEX

Child was listened this story at the age of five.

Child had realized the set up of the entire world and the various types of bodies, systems, structures and their functions.

This is not only the earlier situations of the entire world but also this is the present situations too.

STORY – TWO.

## 17. STONE AND LEAF

- A “Holiest **STONE**” which is from divine kingdom at the holiest mount KAILASH.
- **STONE IS FROM TIME IMMEMORIAL.**

- A “Holiest **LEAF**” which too from divine kingdom at the holiest mount KAILASH.
- **LEAF EVERY DAY BLOSSOMS AND PERISHES AWAY.**

Stone and leaf were discussing about there “**SECURITY**”

Leaf: - “Shall we sign a friendship agreement between us”?

Stone: - “Why?”

Leaf: - “Regarding our **SECURITY**”.

Stone: - “What **SECUEITY**”.

Leaf: - “During the period of rainy days, I will come and sit over you.  
During the period of cyclone, you can sit on me”.  
“Then we will always be together for ever”.

Stone: - “Yes! I am very happy. I accept your **peace accord**”.

Leaf: - “I am very happy”

Suddenly a **fox** arrived at that spot. Fox said to the stone and leaf;  
“I was carefully listening your discussions and went through your  
**peace accord. I am not satisfied your discussions and the peace  
accord**”.

**Stone** and **Leaf**: - “**WHY?**” - Both were questioning the **FOX** with  
**angry**.

Fox: - “If rain and cyclone happens simultaneously, what will happen to both of you and yours’ so called accord”.

Stone and Leaf were highly worried, an accord was disappeared and there were separated and there friendship ended.

## VERY SPECIAL NOTE: -

- 1.1 STONE REFERS, THE HOLIEST LINGAM.
- 1.2 LEAF REFERS, A LEAF AT THE HOLIEST.LINGAM.
- 1.3 FOX REFERS A DEPLOMAT OR AN INTELLEAGENT UNIT
- 1.4 BUT STILL EVERY DAY AND EVERY NIGHT THE HOLIEST TREE produces fresh Leaves. Leaves are always with at the holiest LINGAM.
- 1.5 Leaf is still requesting the LINGAM About;
  - a. security
  - b. friendship
  - c. peace accord
  - d. continuity
  - e. Survival and so on.

HOLIEST LINGAM IS THE SYMBAL OF GOD.

HOLIEST LEAF IS THE SYMBAL OF HUMAN-BEINGS.

REQUEST IS THE PROCESS OF WORSHIP.

Father and son, cat and rats and stone and leaf stories were absorbed by the child from the great soul Saththiyainthiraananthar.

## 2. SOUND.

- Sound is the most important waves and frequencies that, a newly born baby faces.
- “IM” is the very prime sound that sounds from LIFE of every BEING.
- Known sounds are many in the entire atmospheres and as well as within.
- Unknown sounds are many in the entire structures and in the entire systems too.
- The entire mechanisms, theories, principles, functions, merits and demerits of sound; could be studied and realized clearly and totally from the age of three to the age of seven.
- True “Veetham” directly listens from time immemorial.

# LISTEN----- HOW TO LISTEN

There was a very ancient **STYLE** and **PRACTICE** of “listen” and “how to listen” process; **CHILD** was absorbed from the holiest Saththiyainthiraananthar at the age of five.

**CHILD** wishes to introduce to everybody openly, to observe those processes in their daily life.

Before introducing the **STYLE** or **PRACTICE**;  
**CHILD** likes to share a **little story**.

## 18. The little Story

- There was a very simple, humble, lovable and compassionate “person” visited to an open place [**under a banyan tree**]; where children below seven years were presented.
- **Teacher** or **master** or **principal** or **guru** or **head of any sects** who was carrying a cane in his hand with very hard words controlling or commanding or teaching the small children.

- Teacher or master or principal saw the “person” and told; ‘I am unable to teach or control or command these children. It is a very difficult process. All these small children are in the state restless. There are not listening me’.
- The “person” smiled and silently called all the small children to the ground by his joining hands. He silently sat in the middle of a ground.
- Oh! What a surprise!! All the small children were sitting silently around the “person”. This action was going for more than couple of hours.
- The “person” came out from the ground and seated under the banyan tree.
- One by one, all the small children were coming back to the banyan tree; in a very rhythmic way and they sat silently and restfully.
- The teacher or master or principal asked the “person” ‘without talking anything with the children; how did you make all the changes in all these restless children’.
- The person called the teacher or master or principal; out the children and told “**firstly you have to stop shouting. Secondly you stop your inner noises and inner sounds. Thirdly you must learn how to maintain calm, rest and peace in you. Fourthly you throw the cane which is in your hand. Fifthly, what is the subject, that you want teach. Sixthly in which way or method you want to share the subject with the innocent small children. Finally you come in front of all the students or the small children**”.
- The “person” left the children and place.
- But following days, weeks and months the small children were in search of the “person”.

- After couple of months the “person” came back to the spot.
- All the children were very happy.
- The “person” took the responsible of all the children.
- The person started the “process of initial sharing” with the children.

# Class begins

## DAY ONE

### SUBJECT -----VISION

The “person” called, all the children and given few instructions;

- a. **Place:** - open place at the greenly ground.
- b. **Time 1:** - **Sun** rises in the morning.  
**Time 2:** - **Sun** sets in the evening.
- c. **Position 1:** - sleeping position.  
    **2:** - opened eyes.  
    **3:** - strait look towards to the sky.
- d. **Observation 1:** - maintain a ‘maximum eye view range ’ with the  
    the  
        state of opened eyes.  
    **2:** - observe what passes or moves through the  
        ‘eye range’

3: - duration- **maximum** ten minutes  
**minimum** five minutes.

“After finishing the above mentioned process every body must tell to me; that what have all you observed. I am waiting for you all, under the banyan tree”.

Children were started to observe the given instructions during the period of **SUN RISES**.

**Firstly, four children** were return after five minutes.

First four children were seated near to the “person” in silence. They didn’t say anything.

**Secondly, another four children** were return after ten minutes.

Out of second four children; **one was** standing near to the “person” in the state silence.

Balance three were seated closer to the “person” with different expositions.

### **FIRST EXPOSITION----TALK**

Out of second four; **second was** started talking about: -

1. structures of sky, space, outer space and rare elements
2. various types of expositions

### **SECOND EXPOSITION---SONGS**

**Third was** started singing about: -

1. praising the “person”
2. praising space, sky and outer space

### **THIRD EXPOSITION---DANCE**

**Fourth** was producing or showing lot of signs and actions about: -

1. motions of the entire particles
2. actions of the entire beings

The eight children were with the “person” on the day-time fully. They observed the same instructions during the period of **SUN SETS**.

The “person” asked the eight children to stay in the night for further observations.

Children joyfully agreed and they were started to observe the further instructions [no time limitation, artificial lights and moon light are not presented in the sky, space or outer space during the night observation] such as: -

**OBSERVE: -**

1. Is sky or space or outer space in the state of ‘crystal clarity’
2. What are the elements presented IN?
3. What is happening “IN”?
4. Is there any changes or differences between day and night observations?

Eight children comfortably observed the instructions through out the whole night without any difficulties.

Out of eight children **four** shared nothing with the “person”. The fifth, sixth and seventh were started to share with the “person”.

Answers from the fifth one: -

### HEALTH STATE OF EYE

- “Eyes are very comfortable”
- “Millions of visions are possible in the NIGHT SKY”.

Answers from the sixth one: -

### HEALTH STATE OF MIND

- “Mind is perfectly in the state of calmness”
- “Entire nervous systems are soundly functioning”

Answers from the seventh one: -

### PERCEPTION OF IN AND OUT

- “What I have observed in the outer-space, which have been observed by me within- INNER SPACE”.
- “OUTER STRUCTURE AND MECHANISM ARE IDENTICALLY SAME OF; THE STRUCTURE AND MECHANISM OF INNER-SPACE”.

**EIGHTH ONE** was always standing beside with the “person” didn’t say anything.

Other children were in deep sleep for long time. Even later on; they didn't return to the "person who is waiting for all under the banyan tree. They went back to their houses".

## SPECIAL NOTES TO THE FIRST DAY AND NIGHT

1. VISION LEADS TO Observer to;

a. TALK

b. SING

c. DANCE.

These processes may happen one by one or may happen simultaneously.

2. VISION LEADS TO Observer in to;

Complete SILENCE.

3. VISION LEADS TO Observer in to:

Total "ACTION" any moment

# DAY TWO

FOLLOWING DAY; ALL THE CHILDREN INCLUDING THE EIGHT CHILDREN WERE PRESENTED UNDER THE **BANYAN TREE**; WHERE THE “**PERSON**” WAS WAITING FOR ALL.

## SUBJECT -- SOUND

The instructions were given to the entire children; may follow:

“Close both eyes by natural way;

**Duration:** - Minimum **five** minutes  
Maximum **ten** minutes”.

**Place:** -

- a. Under the **banyan tree**.
- b. In a **cave**.
- c. In any **shaded place** where there is no artificial light presented.

**Time:** -

- a. **SUN** rising moment
- b. **SUN** sets moment
- c. Any comfortable time.

**Position:** - Any type of position.

**Observation:** - Open the both ears: -

- a. perfectly
- b. maximize to extend the listening ability with “openness”
- c. Carefully listen from the entire directions.

Children were started to observe the above mentioned instructions.

First four children were return after five minutes to the “person”.

**First one:** -

was trying to put in words very hardly; about what he had felt, experienced, understood and listened in the format of “**SOUND**”.

### **SOUND**

- a. Sound of the life of beings.
- b. Sound of the **First VETHA**; is not yet written but may able to hear.
- c. Sound of hymns which are in a very high form orders and regulations.

**Second one:** -

Was trying to put in words very hardly; about what he had felt, experienced, understood and listened in the format of “**VOICE**”.

### **VOICE**

- a. Voice of Life-force.
- b. Voice of **Second VETHA**; is not yet written but may able to hear.

- c. Voice of the unseen natural force and energy.

Third one: -

Was trying to put in words very hardly; about what he had felt, experienced, understood and listened in the format of “NOISE”.

### NOISE

- a. Noise of the entire structures of MIND.
- b. Noise of the third VETHA; is not yet written but may able to hear.
- c. Noise of the nature which is not regulated and not in an order too.

Fourth one: -

Was trying to put in words very hardly; about what he had felt, experience, understood and listened in the format of “MUSIC”.

### MUSIC

- a. Music from the external FORMS of beings.
- b. Music of the fourth VETHA; is not yet written but may able to hear.
- c. Music of the cosmos which is in a very high form of order and in exceptional regulation.

Second four were returned after ten minutes to the “person”.

### Fifth one: -

Didn't say anything to the 'person' but started to do research on his own, that what he had experienced so far [matter, energy, space and etc].

Later on his researches were completely failed. He lost his entire experiences and students. After these happenings, he started to worship only the "PURE-SPACE". [This guidance he had got it from the eight one; due to his request].

### Sixth one: -

Didn't say anything to the 'person' but started to perform various types of rituals [worship, plugging flowers, horma and so on].

### Seventh one: -

Didn't say anything to the 'person' but later on he had started to preach to everybody about what he experienced so far. Later on these preaching were arranged as human-laws.

### Eighth one: -

Was always standing beside to the "person" but this TIME he said only **ONE-WORD**. That was later on named and called as: -

**“VIBRATION”.**

The “person” was silently seated under the **banyan tree** was listening their wordings seriously and very carefully too.

Other children again were in deep sleep and later they went back to their homes.

## **VERY SPECIAL NOTES TO SECOND DAY-NIGHT OBSERVATION**

1. Observers may able to hear the permanent messages; which were being listened identically same; from time immemorial by the ancient observers.
2. Sound transforms the observer naturally.
3. Sound-observers; the process happens throughout their life-span.

### **3. AIR**

#### **DAY- THREE**

All the children were presented under the **banyan tree**; where the “person” was waiting for all.

## **SUBJECT-AIR**

Instructions were given to the entire children: -

**Place:** - open place and natural ventilations

**Condition:** - naturally close the eyes and ears simultaneously.

**Duration:** - no time limits

**Observation:** - observe movement, actions, reactions and counter actions of unseen elements [air].

All the children were started to observe the instructions. Everyone had taken their own time, way and style for the observation and done their observation independently.

One by one were coming back to the “person” and explaining.

**First one:** -

Was explaining his experiences; “I am surrounded by millions of millions **unseen elements** which are trying to communicate with me. But I have **chosen** the best for me”.

**Second one:** -

Was explaining; “When air moves within, I am able to see the unseen elements with my open eyes which are **blinking like stars** and there are always in motion [these are named as particles”].

**Third one:** -

Was explaining; “I felt when the air move within, there are many **springs and water falls** within and which are always keeping my systems in perfect condition” [here **doctor and medicine totally disappear**].

**Fourth one:** -

Was explaining; “While air is moving within, I have seen and felt various types of **power stations, ports, current circuits** within, which are perfectly arranged in a very high order. These circuits keep me always in action moment to moment”.

**Fifth one: -**

Was explaining; “While air is moving within- there is **a vehicle** was waiting for to receive the air; at the entrance [nose]. The vehicle was always opening all the paths clearly during the process of every breathing occurrence. After that; air moves within freshly and comfortably to its reachable point. Later on the same vehicle is moving within; to its original position while air is coming out”.

**Sixth one: -**

Was explaining; “I felt **two vehicles** are functioning within. In the **first vehicle; SOUND travels** all over the parts of the form during the process of transformation of air.

In the **second vehicle; VIBRATION** travels all over the parts of the form during the process of transformation of air.

**Seventh one: -**

Was explaining; “I am able to **smell various types of fragrances**. These are always naturally calling me or **pulling me out; form my anatomy. These have** taken me to the original sources; where those fragrances originate”.

Eighth one: -

Was always standing beside the 'person' and again uttered **one word**;

It is later on named and called as **“BREATHING”**.

This time the “person” asked for clarification from the **eight one** about the **one word**.

“My **whole system** of **in** and **out**- each and every particles of my structure are breathing.

There is **no special door-Norse** for the air to enter in to the structure. Every atom in my structure - the external cover [the entire structure of skin] of my anatomy - is having millions of doors; where the air enters through these doors into my systems.

Air which that enters in my systems; completely absorbed and transformed spontaneously within towards to the **Energy Center** and there is no wastage and never comes out from my structure again”.

**It is a peculiar breathing that happens out of; once in trillions of trillions. This breathing must be bestowed and only blessed by DIVINE. This may be later on called and named as “born breathing” by the very ancient script.**

**Note: -**

If this type of breathing happens; the observer can travel any part of the outer space.

Other new two children were presented with the person and both were maintaining silence.

The other entire children's words and sayings were blossomed as praising hymns of Divine.

After third day; first session of the class was over.

Ten children were always trying to have contacts with the "person". Other children were back to their homes and they love to communicate with the "person" too.

Brief of the first session: -

1. Light
2. Sound
3. Air

VERY SPECIAL NOTE: -

"PERSON" is – a moving shrine & a moving temple [of god] too.

Twenty one days and nights interval was given to the children.

The "person" said to the children, 'next meet; your are coming with little water and hand full of sand from your places where ever you dwell'

During the period of interval; the children had clearly, completely, practically and theoretically observed, researched and experimented about **light**, **sound** and **air**.

After the interval [21+3=24days]; all the children were presented under **banyan tree** from all over the parts of the world. The “**person**” was already waiting for the children.

## **Second session of the class begins;**

Out of the entire children; “the ten children” didn’t bring anything. But others brought **sand** and water.

The “person” was firstly observing the various types of the collection sand.

The “person” asked the children to categorize the various types of sand.

They classified in to twelve varieties.

1. Sand from river [beds].
2. Sand form fertile garden.
3. Sand from paddy field [clay].
4. Sand from jungle.
5. Sand from desert.
6. Sand from sea-sore.
7. Sand from mountain.
8. Sand from lake.
9. Sand from ice-land.
10. Sand from bush.
11. Sand from well [deep well]

## 12. Sand from valley

The “person” questioned all the children, ‘what is the meaning of all these divisions’.

All the children were maintaining silence for long time.

Anybody didn’t answer for the question.

“These are the difference types [twelve or may be more] of land area where people may able to dwell on earth.

**BUT SO FAR - SPECIALY THAMILHZ HISTORIANS; WERE CATEGORIZED - LAND AREA AND CULTURES IN TO FIVE TYPES [lands from; paddy-field, desert, jungle, mountain and sea]. THIS CLASSIFICATION IS COMPLETELY WRONG.**

Different patterns of people who live in different land area differs in: -

1. Structures.
2. Habits.
3. Atmosphere.
4. Visions.
5. Sound.
6. Air.
7. Living styles
8. Cultures and etc” said by the ‘person’.

The ‘person’ asked the ‘ten children’, why you didn’t bring the sand and water?

They said;

1. 'We don't know how to collect 'sand as it is' and do not have any vessel to collect 'water as it is'.

2. We felt that we are the Sand and land [Given data – Human Anatomy].

3. We further felt that; clean and holy water [nectar]; this springs within. We don't know how to take it out'.

**General note: -**

[Very ancient time; collection of water is a very difficult process. Collection of sand is too very difficult.

[To collect as it is].

Other children brought the sand in their hands.

They have collected water from various types of vessels such as empty coconut covers and various types of dry fruits covers.

The 'person' called all the children to classify the collected **water**.

All the children were surprised.

But silently they accepted the order.

They were opening the water vessel one by one.

They were observed following methods: -

1. Colors: - are many
2. Fragrances: - are vary
3. Quantity [time of collection and time of observation] : - vessel to vessel differs
4. Quality: - vessel to vessel it changes.
5. Density: - vessel to differs
6. Touch: - has tremendous differences
7. Taste: - are many
8. Temperature: - each one has difference
9. Action to the atmosphere: every vessel has changes.
10. Usage: - the entire vessels can't use.
11. Elements: - there are no similarities found.
12. Structures: - all are not identically same.

The "person" said

- All of your observations are based in usual formats; **which the so called scientists** were being performed from long time onwards. Even the same processes are going on at present too in the format or formula of **"H<sub>2</sub>O"**.

- But actually water is not in the formula and vessel.
- WATER IS ENTAGLED WITH AIR.
- PURE WATER IS VERY SUBTLE FORM TOO.

EXAMPLES: -

WATER IS HIDDEN IN THE FORM OF KNOWN CLOUDS [AIR FORMAT IS IN THE SKY].

WATER IS TOGETHER WITH UNKNOWN AND UNSEEN AIR; [DURING THE PERIOD OF COLD CLIMATE] WHICH CAN ONLY BE FELT DURING THE PROCESS OF BRATHING BY THE TRUE OBSERVER.

“HOLY WATER” [NECTAR] IS  
HIDEN IN LIFE-FORCE [PRAHNA]  
WITHIN AND OUT. This is very  
difficult to explain and prove it.

After hearing of this dynamic message; all the children were  
screaming and been stunt.  
They couldn't say anything.

First and second session was analyzing with: -

Light.

Sound.

Air.

Water.

Sand.

So far all the religions, philosophers, theologians, scientists and  
seekers were discovered announced about “five basic elements” in  
the entirety; named as: -

Sky. [Sound].

Light.

Air.

Water.

Sand.

THE “PERSON” said that; actually in **totality**; there is only

# ONE ELEMENT which

Permanently blossoms without any changes for ever- that is named as: -

## “PURE-EMPTYNESS”.

- The above mentioned **five basic elements**; which are **changeable from one to another**.
- That is why these classifications of “**five basic elements**” are completely irrelevant. Most of the prime educational systems were based on the “five basic elements” so far.
- ‘**Five basic elements**’ are in “**PURE-EMPTYNESS**”.
- The entire elements and entire beings are presented and being blossomed for ever; within “**PURE-EMPTYNESS**”.
- They and there are always in motions and moment to moment undergo in changes naturally within “**PURE-EMPTYNESS**”.

Second session of class had become to an end.

He told all the children; ‘you can go back to your houses and may have perfect rest’.

Third session may begin when ever you need to learn.

I am ever waiting for you all under **banyan tree**.

Following day all the children were presented.

- Children were observing silence.
- The “person” too was in silence.

- Every day; ‘silence’ observation was going on for a long period of time.
- Children were **growing** silently.
- Children were **learning** everything silently.
- There were **no subjects, no questions, no answers** but children were learning or in better words may be called as: - **“LIVING”**.

Before the age of twelve; all the children were become as the “person”.

Only **ten children** were completed “silent observations” before the age of nine.

After the person’s compassionate instructions and guidance;

The **ten children**; moved in to **ten directions** [east, south-east, south, south-west, west, north-west, north, north-east, center of earth and center the sky].

- **Ten children** are being at the **doors** of ten directions for ever.
- Ten directions are with **doors** and **locks**.

- External ten doors and locks are in cosmos from time-immemorial.
- Every day; ten doors will be opened three hours before SUN rises and will be closed during the moment of SUN rises by the ten CHILDREN.
- Keys of external doors are with ten children.
- Earth is highly protected by the ten children.
- Entire beings are protected too by ten children.
- Later on ten children; were named and as DEITIES.

Other children were being blossomed and named as DEVAS; and they are being for ever in cosmos.

Ten children details may follow: -

“I”...for... UNSEEN POSITIVE RAYS AND WAVES from east [very healthy rays and waves].

“A”...for... UNSEEN BURNING FORCE from south-east.

“Y”...for... UNSEEN JUSTICE from south.

“N”.....for... UNSEEN MOTION OR

**ACTION OR DANCE** which  
**SOUNDLY BALANCES**  
**ENTIRETY** from south-west.

“V” .....for... **UNSEEN COOLING FORCE** from  
west.

“M” .....for... **UNSEEN FORCE OF LIFE** from  
North-west.

“K” .....for... **UNSEEN WEALTH OF**  
**EARTH** from north.

“E” .....for... **SPECIAL PATH BLOSSOMS**  
from north-east.

“B” .....for... **KNOWN BASE** --- Earth.

10. “S” .....for... **KNOWN ROOF**---Sky.

From **time-immemorial**: -

# 19. ACTUAL NEWS

Were being **listened** and **absorbed** by the humanity from;

# Ten directions by the help of TEN CHILDREN- DETIES and devas.

Special note: -1.

- Present days; so many reporters and highly complicated electronic equipments are available. But no actual news are not yet being highlighted and announced.
- In English language; the word “news” derived from four directions such as north, east, west and south. News too collected and announced from the biased reporters.
- These types of news have no benefits for nature as well as beings too.

Special note: -2.

SILENCE OBSERVATIONS,  
SILENCE TRANSFORMATIONS,  
SILENCE ABSORPTIONS,  
SILENCE SHARINGS,  
SILENCE GUIDANCE'S.

SILENCE INSTRUCTIONS WERE HAPPENED BETWEEN  
THE “PERSON” AND CHILDREN VERY SACREDLY AND  
SECRETLY.

The “person” had shown the external, internal doors and keys to all  
the children fruitfully.

\*\*\*\*\*

“Person” was and is the only ‘DIVINE PERSONALITY’  
for ever; WHO BLOSSOMS FOR EVER.  
Later on named and called as: -

## “DIVINE MASTER”.

\*\*\*\*\*

Earlier ‘Teacher’ who is with children and  
stick [may be with trizool] was being later on named  
and called as: -----

## DANCE OF SHIVA.

\*\*\*\*\*

In a very ancient “EASTERN SCRIPT”; ten divine members  
mentioned who are being administrating ENTIRTY form time-  
immemorial.

Divine members names may follow: -

Creator.....Brahma  
protector.....Vishnu  
Compassionator.....Dance of Shiva.  
Gracier.....Eshwarar.  
Salvator.....Sathashivarar.  
Elementator.....Arththanareeswarar.

Energizer.....SuththaShakthi.

Souder.....Shapththa.

Vibrator.....Naatha.

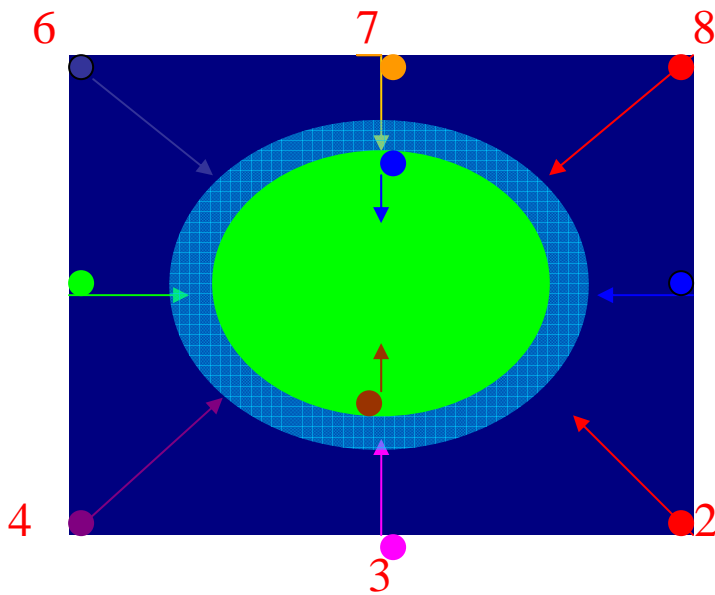

0. Silencier .....DIVINE MASTER.

Divine Master arranged not only ten children but nine divine members too for to perform respected “Divine Tasks”.

“Divine tasks”;

Happen: -

1. in TOTALITY.
2. in PART.
3. in every-BEING.

Ten children are---in ten directions; performing TASKS [global view].

Special Note: -1.

After a very long period of time; Ten Commandments was framed by [Moses-The first king in the Old Testament] western thinkers. “WESTERN SCRIPT”-Ten Commandments strictly framed for forces and troops. Later on; these were implemented on mass or made as public as “law”

The Ten Commandments may follow: -

1. Abnormal sex [lesbian and gay].
2. Occult activities.
3. Abuse of Tongue.
4. Misuse of power.
5. Fear/worry.
6. Un-Forgiveness.
7. Demonic Symbol.
8. Tattoos.
9. Misguidance.
10. Imitations.

Special Note: -2

- Ten Commandments framed; were based on human behaviors and habits.
- Ten Commandments may be the first ‘human law’ from the “western script”.
- Western thinkers, seekers and discoverers had failed to bring the observation of “ENTIRTY”.

- Westerns or Europeans or Arabians or any nations throughout the world; are still struggling to frame **“law”** for humanity.
- All the heads of Nations or Religious institutions or other heads were completely failed to listen and observe NATURE.
- **EMBRACING THE ENTIRE BEINGS; IS ‘IMPORTANT ACT’ IN HUMAN-LIFE.**
- Present laws throughout the world; was playing with words, wastage of human precious lifetime, wastage of money and suffocations in the life-period.

**Special note: -3**

**CHILD HUMBLY REQUESTS THE ENTIRE HEADS THROUGHOUT THE WORLD: “BRING THE WORLD AND HUMANITY UNDER ONE FRAME OR ONE SHETER”**

If that fails;

**“The PERSON” who is always in Silence;**

**Will come out;**

**With SILENCE;**

And

**BALANCE EVERYTHING;**  
**Throughout the world;**  
**In any moment.**

Special Note: - 4

Mathematicians discovered and announced; 'there are only ten independent numbers available' [0,1,2,3,4,5,6,7,8,9].

- Actually **ZERO is INDEPENDENT**.
- **ZERO** is not number.
- **ZERO** is “**TOTALITY** or **PERFECTION** or **FULLNESS**”.

Special Note: - 5

**In the Buddhist concepts: -**

Numbers five and eight are played important part.

Lord Buddha and monks were compared with King and troops.

He **framed the orders and paths; strictly to troops and forces.**

Later on these were **implemented to mass or public as religious law and state law too.**

Which may follow: -

**1. Five orders. ['Pancha Sheela'].**

- \* SHEELA means; is maintaining of perfect purity or observing very high ORDER.
- During the time of Buddha; he mentioned, five types of main rivers as: -
  1. Sindhu
  2. Bramapuththira
  3. Karneli [main branch of Ganges]
  4. Gowthari
  5. Sutlej

Rivers of purity 'is still springing from the **HOLIEST** peak of Himalayas.

- Buddha was highly worried about 'How to maintain the purity as it is' at his time.
- Buddha was perfectly observed "NATURE as it is".
- But very later period; thinkers, philosophers, rulers, psychologists and others; in the "concept of Buddhism"; were framed as law of: -
  - a. truthfulness.
  - b. honesty.
  - c. family-life [not observe abnormal sex].

d. Drink pure water [non-alcoholic  
or formulated water]

e. non-killing [AKIMSHA]

for human-beings.

Constitution of Bharatham or Hindustan based and named as and on “PANCHA SHEELA” from not only the period of Mahaveera, Buddha, but from Mahatmagadhi’s period and still now too.

### 3. Eight noble paths [‘Atta Marga’]. [May be ten-thasa marga]

These paths are totally based on “POSITIVE”.

- a. Best effort
- b. Perfect thinking
- c. Best source of springs
- d. Superb perfection
- e. Sound conduct
- f. High regulation of mind
- g. Action of spontaneous ness
- h. Permanent practice

\*\*\*\*\*

- i. Maximum aim
- j. Complete life

\*\*\*\*\*

- The “person” and children were met only three days and three nights.
- CHILDREN completed “FULL SESSION” during the period.
- CHILDREN are ever blossoming and performing their tasks for ever permanently.
- “Person” is always under Banyan tree in DIVINE SILENCE.
- Very later period; BANYAN TREE, “PERSON” and CHILDREN were named and called from time-immemorial as: -

1. SCHOOL OF PURE-PERCEPTION.
2. FIRST MASTER-DIVINE MASTER.
3. FIRST CHILDREN [first Students].

Very later period; most of these **sharing** and **teachings** were taken part by part; by the **seekers, rulers** and **other power hungers** from all over the parts of the world and taken back to their nations.

**SPECIAL NOTE: -**

If **anyone** is actually in **urge to share anything** may able to meet the **“person”**.

\*\*\*\*\*

- All these sharing happened between auto-biographer [child] and the holiest Saththiyainthiraananthar.

- 
- One day the holiest Saththiyainthiraananthar came with a very elderly man; who was dressed with white uniform, spectacle, very long hair from the face and white cap when the child [auto-biographer] was at the age of seven. “The man is the great **Subas-chandra-bose** or called as

**Nethaagi** [actually Nethaaji passed away may be after the year of 1979 not during the period of second world-war. Nethaaji was participated at the last rites and respect to Vineobabaji in the year 1979.]”. He shared his best experiences with child.

- Subash was telling a story of: -  
**“A very ancient emperor”**.

- Child will never forget the Emperor's story.
  - Child wishes to share the story with every one.
  - Child is having **sound** and **perfect** history and dynamic background.
-

EMPEROR

Once upon a time a king lived on the earth. He was dedicated to people, nature and beings. Due to his inner-qualities; he has become as the only emperor in the world.

Other kings; from all over the parts of world; were jealous of the emperor. They got together and fought against the emperor several times. They couldn't succeed. All their efforts were completely failed.

All the kings finally went to the emperor's palace. They were asking apologize for their actions.

Emperor was in silence. Emperor received all the kings from all over the parts of the world gave all the comforts to them. All the kings were gone back to their nations.

All the kings were secretly met each other and were trying to make plot against the Emperor.

One day all the kings invited the Emperor to a **common plat-form.**

## Emperor accepted the invitation

All the kings were waiting for the Emperor where the common platform was wonderfully arranged. Over thousands of thousands troops and forces were guarding the arranged place who were belongs to the kings. All the kings were waiting for the arrival of the Emperor.

## Emperor was arrived the place with single body-guard.

All the kings were surprised; because the Emperor came only with a single “person”. All kings were internally very happy and they felt their plot was going to success.

## Emperor seated middle of the arranged platform. Single “person” was

seated next to the  
Emperor.

All the kings were taking about their  
arranged peace-accord with Emperor.  
Emperor was silently listened their peace  
accord. He didn't say anything.

Suddenly there was an arrow  
aimed towards to the Emperor.

The

“Person” spontaneously  
caught the arrow which  
was seriously targeted to  
the Emperor and the

“Person” was looking the face of the Emperor for the next action.

Emperor was closed his eyes and started to meditate.

Within a couple minutes the “Person” used his powers and captured all the kings and thousands of troops. .

Emperor has taken all the kings and other entire forces to his palace. Emperor didn't punish them and even didn't allow them to return their country because people heard about this action. People were very angry on all the kings and their forces.

Again Emperor had given all the comforts not only to the kings but the entire forces and troops too.

Forces had quickly realized the Emperor.

Again all the kings were working against the Emperor at the Emperor's palace.

Forces and troops were left the entire kings.

One by one all the kings met the Emperor and were asking so many questions. Emperor didn't speak anything.

This was the way that they harassed the Emperor psychologically daily.

One day all the kings were got together, met Emperor, and were asking: - 1. "We want your palace".  
2. "We want your seat".

One king was tactfully seated on the Emperor's seat.

Emperor left the palace peacefully and silently.

Emperor was just walking on the road. He found a huge banyan tree and he was staying there. His body guard-“the person” already was staying under the banyan tree too.

After couple of months Emperor and the “person” went back to the palace.

Nobody was there. All kings were fought each other for “supremacy” or ‘supreme’ and all were dead.

Earlier the

Emperor asked all kings “give me one out of all of you. I will hand over everything”.

All the kings were unable to find or select one out of them due to their pride, prejudice, jealousy, failure of unity and etc.

Troops and forces clearly realized the Emperor and they obeyed the “silence command of the Emperor” and they went back to their nations.

They were very carefully and sincerely looking after their nations and people.

\*\*\*\*\*

There were two question raised by the child;

Question 1.

“How does the ‘**person**’ [divine guard of **emperor**] capture all the kings [nine hundred and ninety nine] and all troops and forces [999x1000]?” Each king had thousands of members.

Two types of answers were given: -

The “**person**” is always with very high form of **RADIATION** of **light**, **vibration** and **sound** in his full form [mainly all radiations sparked through eyes and finger-tips].

He used all the powers of radiations spontaneously.

All troops and forces were in the **state of Substance.**

All of them were obeyed the order of person without any objection.

In present days psychologists are still having

in search and research of practical process of the act of  
“substance”.

So called super countries [U.S.A and Russia] used the term  
as: - “cold war” during the period of year 1950s to 1970.

This method is the  
perfect defense  
technique and system  
was used very ancient  
time by the Emperor to  
bring the whole world  
under ONE SHELTER.

All kings [nine hundred and ninety nine] were very closely seated “the dynamic radiations of the person” fainted.

They were unable bear the radiation.

Most of these high-forms of subtlest techniques presently not yet found throughout the world.

Immediately forces [nine hundred and nine] who were inside the hall; raised their arrows against the “person” and the Emperor who was in meditation.

This time the “person” removed his external

cover-cloth which limits full

vibration and radiation of rays those originate from his inner-energy center.

Within couple of seconds sparked very subtle rays to them and they too fainted.

---

CHILD is perfectly realized the Emperor,  
“Person”, story and the actual powers on the  
process.

---

Question 2.

How to choose or select or identify an Emperor [inner qualities] in the world? Is it through birth? Is it by tradition? Is it by action? Is it from any palaces?

Nethaaji told another little story.

Story is named from time-immemorial as: -

21.

DAM & CHILD

From time-immemorial; whole world is being in search of

“One personality”-

“One person” -

‘One’ who has to be in the state of new for ever. He belongs to the entire beings for ever.

He may be called as ‘Emperor’ or ‘Ascetic’.

There was a child; who was living in this wonderful world before thousands of thousands years.

One day; the child [at the age of nine] was playing with other children in a ground. Banyan tree which is the main link to bring divine messages; located near the ground.

Suddenly the child left ground.

Child was just observing the sunset.

After couple of minutes;

**Child** was walking alone towards to a **dam**.

**Dam** located between huge mountains.

**Child** has seen there was a little hole on the lower part of the wall of the dam where water was leaking.

**Child** has seen that the hole was enlarging little by little.

**Child** felt if the **dam** broken, all the structures of nations would be washed out.

**Child** went closer to the hole of **dam** and seated near the hole and was blocking the hole firstly with his hands.

But **child** couldn't stop leaking water.

Finally **child** blocked the hole of the **dam**; with the help of his whole-structure and seated with the hole during the period of whole night.

**Child** was truly succeeded to block hole spontaneously.

Other children, parents of the **child**, entire people of the area and others were in search of the **child** throughout the whole night.

All were able to find the **child**; following day morning.

**Child** was seated near the hole of the **dam**.

**Child** was actually in the state of 'iced form' due to the effect of the cold water of the dam.

All the experts were arrived at the spot and used perfect technology and rectify the damage of the **dam** and safeguarded the **child**.

**Special notes: -**

**A.1.Child** soundly observed **sun-set** and absorbed the message.

**A.2.Child** had forgotten his life, parents and others.

**A.3.Child** was totally dedicated to the actions and spontaneously was in action and done it.

**A.4.Child** safeguarded not only the nation but the whole world too.

5. Because the **DAM** and the **Mountain** are the actual **center** of the whole-world.

A.6. If **center** damages; the whole world will fall in disaster.

**A.7.Child** felt this and acted spontaneously.

Leaders were arrived from all over the parts of the world and met the **Child**.

They have realized the “inner qualities” of **the child** may follow: -

B.

1. Sound observations.
2. Spontaneous actions.
3. Total dedication.
4. Complete scarifications.
5. Realizing permanent link between inner-space and Outer-space.
5. Absorbing guidance's directly

only from TRUTH-GOD.

6. Always in ACTION moment to moment.

7. Silence command to the natural elements.

Palaces, traditions and other present systems are not the deciding factors of the inner qualities.

All the leaders from all the sects

throughout the world were made the CHILD as not only

an EMPEROR but too an

ASCETIC.

\*\*\*\*\*

Additional note: -

Historians, seekers and others are not only in search of “person” or “one personality” but also are being in search of “Holy land” or “Eden garden” or “Land of Adam and Eve”.

There is a peculiar

**DAM** or **BRIDGE** is naturally framed and located between **Bharatham** and **Lankapuram**.

The **BRIDGE** was earlier named as

“RAM-  
BRIDGE”

and later on was named

and called as

“ADAM-  
BRIDGE”.

This bridge is presently available and may be able to see with normal eye. It is located in under the Indian Ocean.

In some period of a year; the water level may be very low. During that period, anybody can walk on the bridge or cross over the bridge.

This bridge is located between in the area of: -  
Rameshwaram- Thanushkoodhi and Thalaimannar.

During the period of

- “Skanthapurana”; **Muruga** pull

out the **prisoners** [so called Brahmins]

through this **bridge**.

- During the period of

“Ramayana”; **Ram** and his

**battalions** walked through this

**bridge** and landed in to Lankapuram.

- **During the time of Moses;** he had

traced out his **ancestors** and had pulled out

his **prisoners** through this bridge.

These are the main reasons; this land [Lanka] is called as: -  
“**Slaves of Islands**”. [Lanka]

It is holy land but all had made as “**Slaves of Island**”.

This is the actual history of the land [Lanka] which had made very serious impact on the “**child’s**” biography.

\*\*\*\*\*

## **Slavery**: -

Very ancient period slavery was decided only by torturing [physically or mentally or sexually] individuals or groups and got the merits or works from them as maximum as possible.

Presently “**slavery**” is being going on and decided by very sophisticated methods, process and ways which may follow: -

1. Aspects of **concept-ional systems**: - It may attractively and seriously feed the “total structure of mind”; but it will totally destroy ‘human-anatomy’ which

is the nature's gift. This destruction would be never recoverable.

2. **Educational systems**: - It may spend and occupy the precious life-time; but all these new and old process will deviate actual living and being made high form of complications.
3. **Technological equips**: - It may highlight and transfer actions and perceptions of happenings as it is; but **interpretations** or **verbalizations** will make everything in to upside-down.
4. **Acts of Spirits**: - It may guide to absorb energy and power through short cuts ways; but quickly will collapse, finally will fall and end in complete disaster. These actions will sup-rise and destroy the total structure of NATURE.
5. In the name of **Culture**: - It is the worst artificial introductions; which damages the entire human-structure and systems.
6. In the name of **Civilization**: - It is the biggest yoke so far announced by all the leaders throughout the world.

7. In the name of **Freedom**: -

**Domination** is going on from time-immemorial in all the directions.

“**Free**” from “**Domination**”; is the best action; which leads everybody; to the state of

‘**Non-slavery**’.

8. In the name of **Social**: - most of the businesses [including very ancient business such as sex and prostitution] are going on from time-immemorial.

9. In the name of **Religious practices**: -

**Religion** is being used from time-immemorial

as one of the most important **SHIELD**.

All the types of rulers and leaders in the entire sections throughout the world are being seated under this

**Shield** and doing all

the types of actions. This **practices** and

**shield** are the worst subtlest **slavery** planted.

10. In the name of **language and land** issues and etc: -

All the leaders, rulers and the other heads of sects are the possessor of land. They talk about

**socialism, capitalism** and all the types of principles and philosophies.

They were refusing to issue at least a little plot of land to the people; from time-immemorial; throughout the world.

**Wheat flour** is from the capitalistic country

which is the only **lower price food**. But

all the **socialist** leaders and  
**socialistic** thinkers [so called  
**communists** and **freedom-**  
**fighters**] always work against  
**capitalistic** country from long time ago.

What foolish act? Their acts are completely contradicted. How tactfully they are cheating mass.

All these **leaders, rulers** and other **heads** of all the sects were being claimed and declared that their

**Language** is the only **Language**  
for used various types of correspondences and communications.

**Land** and **Language** issues are caused for the entire suffocative problems to the people throughout the world.

These ten aspects are the serious and main causes of

**slavery.**

---

\* During the **period of king Ashoka**; the follower of **Lord Buddha**; the **Mahindha** walked through on the **RAM BRIDGE** with the

“holy branch of Boodhe  
tree from Buddha Gaya”

and his seven hundred subordinates and landed in  
Lankapuram.

Not only; was the ancient story of

**RAMAYANAM** written in the

**HOLY LAND** [between Bharatham and

Lankapuram] but also the

“**OLD-TESTAMENT**”.

Earlier historians thought; Kashmir may be the Holy Land.  
But later on they had decided it must be Lankapuram with  
clear evidences such as: -

Lankapuram is in the form of fruit [mango or apple].

- **In the Shivapuranam;** a  
“**FRUIT**” [may be mango or fruit of knowledge or  
fruit of wisdom or fruit of HOLY LAND] has decided the

**next kin** or **next prince** or

next emperor or next  
succeeds one between two brothers  
[Ganesha and Muruga].

\*\*\*\*\*

- From time-immemorial; in a family, in a country, in the world, in the religious sects, in a monarchy, in the political fields or in any sects; are unnecessarily and unwontedly worrying about “how to select or choose next kin or ...?”

- This question or the answer causes and produces most of the

**problems** and **Wars** everywhere.

- Due to this types of; **choose and selective**

**process** all the types of  
**relationships** were

**fragmented.**

- There are many types of **colors** available in the nature. Colors, actions and moments of nature are in an

**Order** of **Supreme**, in the **command** of

**Highness**. Due to these **arrangements**;

nature is in “**perfect orbit**” and nature is **not**

**fragmentated.**

- E.g.: - Observation of **banyan tree** from seed to its full-form is needed.

**Seed**—brown color

**Root**—white turns in to, **light gold color** and finally turn in to **brown** color.

**Main part of the tree**—brown color.

**Leaves**—initially grows as **gold color** turns in to **green** and falls as **yellow** color.

**Fruits**—primly blossoms as white color, turn in to **green** and drops as **golden** color.

**Color changes of the tree** are **natural** happenings called and named as **growth** or **changes**.

**Human-system** or **human race**; **no growth internally and externally** but **unwontedly** produces and shows colors.

Absence of observations of  
very high orders, at the same time  
simple order and  
beautiful order of  
nature; CAUSES the fragmentation in the human  
race.

Too many spins, twits and nets are  
framed artificially; which refuses  
the process of pragmatics of  
actual life and living.

\*\*\*\*\*

“FRUIT” -[Lankapuram...Kathirkamam]

Who ever who finds the fruit or possesses the fruit; he

will become as the next.....

- **In the Old-Testament;**

a **“FRUIT”** [fruit of sex or a fruit of a tree or fruit of merits] was mentioned which decides the next .....

**But here; having of fruit or sex is not permitted.**

**But Adam and Eve had it.**

**Old-Testament**

had **begun**; from after

**having the “FRUIT”.**

All the types of climatically conditions are available within short distances.

Various types of fertile lands are available.

Various types of quartz-stones rocks and mountains located.  
Various types of hot springs are available.  
Peculiar minerals are available.  
Natural elements are in well balanced ratio and so on.

**Very Special Note: -**

In the name **freedom** and

**civilization;**

**All inventors** were landed in

**Lankapuram** and they had put all the types of

**dust and dirt** in the form of so called dream

**scripts,** conflicted **philosophies,**

contradicted **theories,** fake **histories,**

illusiv**e doctrines** and other  
elements [including war-  
elements] in the **Holy-**  
**land.**

CHILD has huge responsible to make to blossom the  
Holy- land as it is.

\*\*\*\*\*

Child was sharing the **story of the “Emperor”**  
with his companions. They didn’t trust the story.

CHILD had gone done to their level and explained the story in their  
frequency.

CHILD said;

- **“Emperor is in the state motherhood”.**
- **“Person” is in the form of a beautiful  
girl”.**

- Replace the position of “Emperor”, as Mother who dressed identically same as “Emperor”.
- Replace the body guard- the “Person”, as beautiful girl who identically dressed as “Person”.
- Now you can read the story freshly.
- Story is now become as “Mother and Daughter”.

Any how the companions didn't realize this story.

Child was mentioned ancient defense secrets.

After that secret; all had accepted the story.

Ancient defense secrets: -

To capture the external belt-cover-ring of any forces; “solid”-“sand”-“Silica” was used; where peculiar systems of radiations were operated through the top of both toes.

---

Special note about toe: -

In the very ancient **Shiva Puranam**: - during the

process of “**THIRIPURA**

**THAKANAM-THIRIPURA**

**SAMKAARAM”**; destruction or

sublimation of three worlds in

and out were occurred such as: -

**Known-world** [**weaponry**

wars throughout the world  
may easily be spot it out].

**Unknown-world** [wars

through so called **Spirit**  
actions which are very  
difficult to trace].

**Under-world** [ wars through

Psychic techniques which are difficult to identify].

Lord Shiva used only HIS right toe and HIS smiling Lips for this process.

This 'process of action of history' is called as: -  
"THIPURA RAKASHYAM".

In this process "vibration" was in operation through 'toe; that destroyed or transformed or sublimated each and every matter.

Very high speed of "action of radiation" was in operation through smiling lips.

Very special note about Smiling lips: -

[This is slightly splitting of ‘opposites’ -  
‘positive and negative’ -  
‘paradox’].

If **Lord Shiva** opens HIS mouth and says a

“**word**” that will be end of everything- that is  
complete and permanent split  
will occur in “paradox”- Coe of  
nuclear.

That destroyed or transformed or sublimated **energy**.

---

To capture the **middle belt-cover-ring** of any forces;  
“**liquid**”-“**water**” was used where very special current  
was passed by the ten fingers [very fast movement of  
fingering]. For this action; subtle form of springs were used.

To capture the **center or internal cover-belt-ring** of any forces; “gases”-“air” was used where the “PRAHNA” was perfectly entangled in operation.

Three types of applications were happened **spontaneously** and **simultaneously**.

All these applications **didn't kill anyone** but completely **change or sublimate the entire forces from “enmity”**.

Changes or sublimations may follow: -

Observation of inner and outer **purity**.

**Chanting** of holy names.

Observing very high **orders**.

Continuous **maintenance** of total anatomy.

Observing **yoga** systems.

Observing perfect **meditation**.

g. Observing perfect **silence**.

h. Finally can **talk** or **act** for all the types of

emergencies or essentials from any directions from any nations or from any beings.

In **‘Shiva Purana’** ; there was another peculiar story mentioned regarding **“defense technical process”** . . .

During the process of EMPEROR and **“person”** story;

**Emperor** was meditating.

In the end of **Person’s** action;

How to awake **Emperor** from his meditative position?

Person used; ‘maaruthy’ [air] as  
subtle form of chariot and a special type of “flower”

as mediation; to awake Emperor.

When Emperor awakened; Person  
spontaneously was disappeared from the seen and later on  
appeared under the banyan tree.

Very Special Notes: -

1. Flower transformed vibration  
through it's fragrant.

Historians were unable to identify the Flower.  
Some historians mentioned;  
the flower might have brought from

- A. **Heaven.** [Unseen place]
- B. **Holiest Mount Kailash.** [known mt]
- C. **Special tree.**  
[May be **Banyan-tree** or **Human-anatomy**]

Actually **child** has discovered: -

**In the Human-anatomy;**

There are various types of

**Flowers** available in the state of

**“Un-blossomed bud”**

Such as: - **External flowers: -**

1. **Feet.** [Lotus pair, one]
2. **Palm.** [Lotus pair, two]
3. **Eyes.**
4. **Head.**

5. **Organ** [male/female].

6. **For-head**.

**Internal flowers: -.**

1. **Sakasram [actual lotus]**  
[Inner structure of brain].

2. **Inner-eyes: -**

a. **inner-point of brain.**

b. **inner point between  
Eye-brow.** [called as third eye]

c. **inner space of  
Heart** [main lotus]

Human anatomy was simply announced by the ancient poet as: -

“**Human-anatomy is a tree with  
full of buds or flowers.**”

Most of the human structures are in the state of “bud”.  
If the entire buds in the human-structure blossoms completely;  
Fragrant will transform through maaruthy.  
If actual lotus [Sakasram] or main lotus [inner heart] blossoms; other  
flowers will blossom naturally and automatically.  
If other flowers blossom; actual or main flower will not blossom.

2. “Person” is the embodiment of  
‘LOVE’.

3. “Person” has used only beautiful and fragrant  
flower naturally to awake the  
Emperor.

Light was originating at the awakened moment of  
Emperor.

Naturally was illumining light that teleported the

“Person” naturally under the banyan tree  
from the seen.

This is comparable with the very famous **sub-love story** of ‘**Manmathan-Rathy**’ in the **Holy Shiva Puranam**, where Manmathan targeted a fragrant **flower or flower-garland** towards “**Lord Shiva’s meditative posture**” to awake “**Lord Shiva**”.

Poor Manmathan had failed to realize that; “**God Shiva**” is in state of “**ever awakened posture**”; who **carefully looks-after everything and Entirety from time-immemorial.**

Manmathan and Rathy were pure lovers and the best lovers; where History and Historians never find so far.

Only Rathy can see Manmathan where nobody can see Manmathan.

In this **sub-love story** there is a very special message is delivered from the: -

**“Holy Shiva –Puranam”**

such as: -

**“Mater** [Manmathan] becomes unseen and

**Energy** [Rathy] becomes visible to every body”.

2. **“Love is visible** and

**Sex is not visible”.**

3. **“Result** or Answer or next ... is visible and

**‘Process’** is not being able to see”.

---

1. 'Manmathan and Rathy' story was later on compared with Adam & Eve Story and Ganesha & Muruga story

[War stories].

2. Earlier story; “flower” is the deciding and the turning element of climax of the story;

[Story of love, life and living-story].

3. Later the two stories; “fruit” is the deciding and turning element for the continuations.

4. In the “Holy Shrines” :-

Leaf, Flower and Fruit meet together is a very rare occurrences.

5. Leaves are the eyes of a tree; where tree absorbs energy directly from SUN.
6. In the human-anatomy [tree]; there are millions of leaves

available in the form of “**Hair Point**” through out the skin; where most of the energy absorbs through it. It is a very rare occurrence that may happen.

So far; “process of absorptions of **energy** through **Hair Point**” is not found in the history of human-race through out the world.

10. **Leaf** is the first external outcome of a tree.

**Flower** is the second outcome; sign of the next...

**Fruit** is the final outcome-merit and result of continuation of Tree.

It is the system and structure of nature’s gift.

Here is no offensive and artificial processes occur.

11. **Leaf** and **Flower** are available in the human –race.

But to see or get **fruit** [merit and continuation]; there are many offensive and complicated processes are going on in the structures and systems of Human-race; through out the world.

## Why?

It is a serious question raised by **child** for long time ago to

his guiders and guidance.

.

\*\*\*\*\*

## Special notes: -

1. Not only had the **ancient kings, present leaders of all the sects** throughout the world were failed to realize and observe: -

a. **COMPASSION.**

b. **LOVE.**

c. **INNERQUALITIES.**

d. **MEDITATION.**

**They didn't have Creativity and Originality.**

2. But also they want: -

a. **POWER**

b. **PALACE**

c. **POSSESSINOS**

## d. Roses of beds.

---

Given keys, message [only “three words written” on a leaf], little story [teacher, person and children] stories of cats and rats, stone and leaf, emperor; were brought dynamic sublimations to the auto-biographer [child].

- Given keys -TEN KEYS;

blossom through from the top of ten fingers.

These keys will be operated may be with the process of ONE touch or may be ONE BY ONE. These keys will be operated by without touch.

- Given key -ONE KEY;

blossoms from the inner-energy center; spontaneously will open the entire

DOORS of a system, to the given-data [human anatomy].

- Three words: -

1. THATH: - Truth - God
2. THUVAM: - Energy or Mediation
3. ACHI: - Inner-space [Aathma]

Actually “one word”-

[ Th, Im, A ] made out  
 three letters which is blossoming as three  
 words transformed in to ‘one sentence’.

Very later period; historians called and named “One Word” as: -

- a. “TRINITY” By Westerns and Easterns too.
- b. “Given to the name to the FIRST VETHAM”—  
 “SAMAVETHAM” by Asian Pundits.
- c. “One Word” is simply called and practically  
 observed as: -

“Father, Mother, Child”

[ Th IM A ]

By true Nature Lovers.

Special notes: -

Message from the bible; “word”  
originates everything.

In the day to day living patterns; we can hear

“word” is in the sayings of: -

1. “Please give me a word”.
2. “Can you give a word?”
3. “Keep up your word”.
4. “Word of secrecy”.
5. “Promise”.
6. “Vow”.
7. “Love”
8. “Compassion”.
9. “Grace”.
10. “Engagement”.
11. “Yes! Everything is in word”.
12. “Power of Word”  
and so on.

During the period of “age of seven to the age of twelve” [six years];

What the Child has done?

Where the Child dwelled?

Whether child has parents or any other relations?

All were questioning the Child and others; like intelligent units [what they are collecting; where they are passing all their collections of informations to whom and for what purpose?].

Other than the Child; nobody knows the correct answer.

Child was successfully completed; during the period of **six years** [from the age of seven to the age of twelve] in the holiest mount with the great **Saththiyainthiraanathar**.

This period of six years is the “**golden time**” of

**child** where child experienced the actualities such as: -

1. Freedom.
2. Independent.
3. The best comforts of in and out.
4. Free from everything.

Days blossom, Nights blossom

Child is as it is; Blossoms and fragrances.

Child is back with Light Ball [un-seeable and unexplainable]; to his village after “golden time” from the Holiest Mount; at the age of twelve year.

Child was unexpectedly met Pundit VijayaLuxmmy at the time of departure from the Holiest-mount at this period.

From the age of twelve onwards child was seriously marked and tactfully surrounded by: -

1. Known-world.
2. Unknown-world [Spirit cult and magicians].
3. Under-world and Over world.
4. Heads of freedom fighters.
5. Heads of medical units.
6. Religious heads.
7. Philosophers.
8. Psychologists.
9. Political heads and diplomats around the world
10. Group of gamblers and etc.

The word of great Saththiyainthiraanantar;

**Child** was firmly back and well balanced to face for the next six to nine years [from the age of twelve; to the age of eighteen or the age of twenty one] with the only and only protection of the unseen

## Light Ball.

From this time onwards all the problems of “suffocations” were put on forcibly, artificially and automatically on **Child**.

**Child** was very hardly overcome that period.

During this period;

Most of the so called “**rights**” were completely interrupted, damaged and destroyed by “top class intelligent” from all the directions to the **child**; such as: -

So called educational systems.

So called medical and health systems.

So called defense process.

1. So called food systems and etc.

**Education** is the food to the head.

**Food** is belonging to the entire form.

Reasons: -

Child belongs to Hindu Orthodox tradition.  
Child belongs to Saiva Orthodox family.

**Child** belongs to the chains of “**Holiest  
Mount Kailash-Himalayas**”

They [top class intelligent] **want to uproot the  
entire roots** of the origin of **child**.

**Child** is the source of Origin.

**Child** will highlight and flash everything.

**Child** perfectly and clearly knew the actual secrecy of  
human-race

Favorite food of **child** is **Gingili-Oil** from  
its child-hood onwards.

Everybody knows this secret.

How many times; they [“so called intelligent units”] entered inside

the form of **Child**; while mixing acid in to the gingili-oil to  
damage the eyes.

Very hardly has overcome these suffocations by the **Child** itself.

They introduced so many **educational systems** to damage and destroy the head of the **Child**.

**Child** had successfully overcome these severe disasters.

At the age of eighteen; the great Saththiyainththiraananthar came and silently shared almost everything [known and unknown] with **child**.

He mentioned two names to the **child**.

## 1. Mount Saadhu [Kiriya Babaji]

He lives first six months in the holiest mount **Kailash**;  
where the Holiest Ganga River springs.

Second six months he lives in the mount of

**Vindhayam**; where river SathPuththiraMahadeva  
–Narmatha springs.

He travels allover the parts of world any moment; whenever and  
wherever any type of urgency is called, needed and presented.

He is ever been at the age of eighteen; living for ever been in the  
entire universes.

## 2. Mahaaperiyavar of Shaanchi

He was attained **mahasamadhi** at the age  
of one hundred and seven years in the year of  
2003.

---

**Child** is the lover of **Dr. Albert Einstein**- German  
scientist and **Burden Russell**-the British royalist; from its age  
of five onwards.

---

---

After sharing of everything; **child** didn't see the great **Saththiyainthiraananthar**; who was at the age of ninety while **child** was at eighteen; up to now.

**Child** is normally won't talk with anybody from its childhood onwards and always maintain silence.

At the age of twelve; **Child** was unexpectedly attacked by knife by strangers for: -

1. during the process of clearing the obstacles of the problems of Land issue.
2. During process of safeguarding family members; from external Forces and etc.

Still the knife mark is visible on the left chess of the **child**.

Just after arrival [at the age of twelve] from the **Holiest mount**; **Child** had failed to observe the "very special

ceremony” to the ‘ancient symbol- **Trizool**’; which was clearly observed [at the age of six] by the **child** before leaving to the **holiest mount**.

Due to this ignorance; **holy blood** dropped to the **sand** and **land** from the left part of the chess of the **child**.

Just after this incidence; **child** performed the holy ceremony to the “ancient symbol- **Trizool**” sacredly and secretly too.

During the same period [age of six] of time;

**Child** was calibrating some festival. Unexpectedly one powerful cracker fallen to on the right palm of the **Child**. Second finger of the right was seriously wounded from some direction.

This time Holy blood and flesh of the **Child**; was spread on the land sand.

Still the wound is visible in the second finger of right palm.

Very later period;

So called **intelligent and diplomats** not only from the **native land** but too from all over the parts of world;

They observed the wound their of **inquiries** and **investigations** and decided that wound must be from

1. During the process of training from the so called freedom fighters or armed forced training.
2. During the process of others source of trainings.

All these sources were punished and tortured the **Child** from longer period of time onwards [from the age of its childhood onwards].

They had done these to the **Child** up to the maximum; which made the very serious wounds and damages. These are unseen-able, UN-speak able, un-writable and unrecoverable too.

Nobody can escape!!

**Child** won't punish.

“ONENESS” will observe.

Oh!! What a stupidity and foolishness.

Oh! My Lord of Lords!! See the very **weak points** and the **worst loops** in the all these so called sects.

**Child** is the only and only “**intelligent source**” of its complete projects and plans for ever.

No person, no groups, no sects and no sources can claim for

**Child** and any of ITS acts; not only pasts, presents and but too futures, process, moments and creativities.

---

**Child** loves to perform Divine rites from its childhood onwards.

One day **child** was performing **Aaraaithi** to the

**SUN** with fire-flame [Camphor].

Suddenly fire-flame fall on the first finger of the right palm and that was burning [it was happened at the age of nine]. Still the burn wound mark is visible on the first finger of the right-palm.

**Camphor** was discovered by **Japanese** for

**defense purpose**-military use [explosive process].

But they [so called leaders] introduced camphor in to all the religious sects, temples, monasteries and into shrines.

What an ignorant and shame too?

Middle born of the fifth finger of the right palm; was shifted or dislocated at the age of six by announce force. Still the swelling is clearly visible on the right palm of **child**.

---

# 22. Romance

**Child** wishes boldly, frankly and lovely will share all its

**Romance** step by step.

The entire world histories [rulers, countries and other types of personalities] are written not on the basis of actual Romance but something in different practices and behaviors.

Firstly we have to understand and realize the practices and behaviors so far hidden behind all these histories of so called leaders and personalities; Oh! My **Lord of Lords!!**

These actions not only were gonging on ancient time; but present time too.

## 1. Recruitments of members.

- Forcibly or attractively catching innocents[below the age of twelve years- almost girls and boys]
- Forcibly or attractively the so called leaders and personalities were practiced sex by so called leaders and personalities; given to others or sell in the name of marriages and prostitutions.
- Then introduced physical exercises.
- Later on handed weapons on their hands.

- Left them in the society back and recruit new members.
- Finally they claimed and declared as leaders.

Oh!! My **Supreme Lord**;

For all these happenings the mass-medias are as functioning and acting as the major agents of the so called leaders and personalities.

**Child** visited so-many marriage ceremonies.

**Child** has seen the same and one bride-groom for; was participated as bride-groom as all the marriages. Bridges are different.

Oh!! My **Divine Lord**!! Please look in to these shameful actions.

For these actions and happenings; Legal professionals, educationists, other experts, leaders, and personalities are behind it.

Reason statistical information-data produces that: -

- One boy is having more nine hundred girls for not only for sexual-purposes but to act as spies by the so called leaders and personalities.
- One girl is having more than one hundred and fifty boys, gents and children for the same purposes by leaders, bosses and other personalities.
- This is the situations of the so called freedom-fighters, leaders and other personalities.

These are main reasons and causes; **Child** is seriously wounded, damaged and hurt in and of Child structure and later on feared, worried and scared to the word of “marriage” and its process. There was principal in leading school; who married several times in several palaces [even in foreign countries] in different names. He is able to change his form through plastic surgery.

**Child** had realized clearly; that in the name of “education” most criminal actions and cruelty was seriously damaged and destroyed most of the Hindu-Saiva orthodox society very long time ago [more than forty years ago].

Still these types of practices are in operation made by his students or followers.

## 2. Site affects of these acts.

- Abnormal practices lead to many types of disorders.
- Spreading diseases which are unrecoverable.
- Members of the society or their generations are so weak in the prime structure [genetic-codes], mind and body too. What a shame that they claim as the kings, heroes and saviors of the people, nations and world. [Where are civilization, culture tradition and etc stands]?
- In this position **child** wish to remember the sayings from the ancient sage from China who is the first disciple of Laordsa [founder of Taoism]; named as Savundale.  
“Cultures and Civilizations are the main center and causes for

the violence, wars and sins. Similarly literature, righteousness, law and etc are main center and cause for the same”.

Oh!! My **Divine Lord**;

These are the main causes of violent and wars everywhere in the world.

---

## 1. **Jeeva-Haarunjum [Compassion].**

**Compassion** doesn't have the followings; -

- a. **possession.**
  - b. **ownership.**
  - c. **claims.**
  - d. **declarations.**
  - e. **conditions**
  - f. **Punishments and etc.**
-

**Compassion** has the followings: -

---

- a. **Sharing**.
  - b. **Services**.
  - c. **Transformations** of urgency.
  - d. **Caring**.
  - e. **Truthfulness**.
  - f. **Dedication**.
  - g. **Spontaneous** action.
  - h. **Rewards** and etc.
- 

So far **Child** is still being has only Compassion.

---

## 2. Love.

Love primly blossoms within the **Heart**; later on will be transformed in to **Brain [mind]**.

If love stands and always be in the prime state, Love will function as compassion and will have all the qualities of Compassion.

“If love transformed in to **Brain**; the different and all the types of wars and violent will begin”.

This is the important and dynamic message from **Child**.

If **what** ever, **when** ever and **where** ever **child** loves[ **persons**, **things**, **thoughts** ,

**perceptions** and etc] ; that will be immediately plugged, damaged, stolen, silently bargained for sale and marketed by the so called leaders, freedom fighters, educationist, specially by the psychologists and others.

These are the actual happenings occurred so far on its past steps of the **Child**.

Oh!! My Supreme **Divine Lord!!!**

Look at these civilized, cultured and traditional persons who so far had done the unrecoverable damages and refused all the types of basics [fundamental rights of **Child**] to the **Child**.

That is why the **Child** is still **alone**.

Anyhow, **Child** is maintaining the well balanced state of love and compassion as same.

**Child** doesn't know to **fight against** all these **negative actions** which are going on moment to moment around the **Child**.

**Child** has given total and complete freedom to everybody. But

all are misused **Child** finally made the **Child** as: -

- a. slave.
- b. prisoner.

Everything which is fundamentally and essentially needed to **Child** was completely blocked, diverted, rationed and uprooted.

All these so called “agents” shown everything to **Child** and immediately removed what they shown.

Oh!! My **Divine Lord!!!**

Why all these sources were burnt, killed and destroyed leaves,  
flowers, fruits, joys and etc of the totally innocent **Child** in  
all the ways and all the directions.

Child wishes to share its

First romance:-

23. Flower

From the age of three; **Child** was naturally dedicated to perform prayers, rituals and etc to the **Holy symbol** [trizool] and the **Holy Lingam**.

- There was a very special, only and only tree; which produces hundreds of fragrant flowers daily.
- All the parts of this tree possess very high quality of medical values [help the lungs, heart and the entire nervous systems to function soundly and perfectly].
- The tree is a type of jasmine [Pavala-mallikai or Mara-Mallikai or Paari-Yatham or Thanka- Pushpam].
- Every day early in the morning this particular flowers will appear like a “**golden carpet**” around the tree.
- In a very rare occurrences **Child** meditates on this natural “**flower-carpet**”-- **golden-carpet**.
- **Child** has seen most of the true lovers are landed on this natural **golden-flower-carpet**.
- **Child** actually loves this tree and the particular flowers.

- When ever **child** collects these flowers during sun-set; very special **angels** will guide and help the **child** to perform the divine rites to Holy Symbol and Holy Shrine.
- If the **child** collects the flowers during sun-rise; all the types of **devas** will help and guide the **child** to perform divine rites.
- **Child** always speaks with that tree; like as “where ever I go you must be there and has to produce flowers daily and for ever for the divine rites”.
- **Child** offers these flowers firstly to Sun, secondly to water, thirdly to sand and land, fourthly to fire [Yagnana] and finally to the Holy Shrine.
- In very rare occurrences; **Child** offers these flowers for itself.

**Child** was able to perform the divine rites; only for four years [from age three to age six] at his native place. Some unknown source was silently made the damage to tree and it was perished.

**Child** never cries for food or clothes or any other essentials for itself.

But lose of the particular tree made the **child**; put in the state of continuously crying and endless suffocations.

That is why **Child** had offered his blood and flesh to the holy symbol and holy lingam at the age of six and finally left to the holiest mount **Kailash**.

The entire variety of jasmines flowers blossoms during **SUN**-set; where all the types of Angels will appear around the particular atmosphere.

**Child** is now with the particular tree and flowers; which was planted by the **child**. It is located closer to the shrine.

Other flowers blossom during **SUN**-rise; where all the types of **Devas** appear in the particular atmosphere.

Child wishes to share: -

Second romance.

24.Bird

**Child** has seen a very special **BIRD** which makes sound “**IMMM**...”; which is always located in the in the cave of the “Holiest Mount **Kailash**”.

When it flies; It will make “**IMMM**...” sound.

There was a rare video clip; that was very carefully watched by the **Child**, containing three minutes duration;

Which shows the particular **Bird** or **Birds** leaves from the peak of the cave of the holiest mount **Kailash** makes the sound of “**IMM**...” for the first thirty seconds.

Balance period of time [two and a half minutes] there was no sound; but video-editors included the flute sound with “**AUM NA MA SHI VA YA**”.

This video clip, some time may be available at “Dhordharsan”; the official Television station of Bharatham-Hindustan.

The **Bird** is combined with silver and gold colors.

Its eyes are violet in colors.  
Its wings and both legs are pure white color.  
Its palms of legs are reddish color.  
Its height is eighteen inches.  
Its each wing is eighteen inches too.

**Child** has seen this **Bird** firstly at the age of twelve at native place and it came closer to **Child** and humming the sound “**IMMM...**”

Second time **Child** has seen the **BIRD** in the year of 1999 Dec. 19<sup>th</sup> early morning 1.30 a.m. until [sun rise] 5.30 a.m.

The **Bird** was almost stayed more than four hours with the **Child**.

**Child** was just silently thinking; “how are you making the **Imm...sound?**”

**Bird** spontaneously responded the silent request of the **Child**.

Many times the **Bird** had shown the sound “**Imm...**” originates from its structure.

“**Bird** slowly blows its both wings.

Little by little it increases blowing speed of its wings in standing position.

“**Imm...**” sounds at this stage little.

Slowly it opens its mouth; sound of “**Imm...**” volume increases little by little.”

**Child** was carefully watched this process of the **Bird's** action.

Actually the “**Imm...**” originates from the **space** reflected through its both wings; finally the sound radiates externally.

At the time; **Child** was in the state of very high turning point [to be in the world or leave the world].

The **BIRD** came closer to the **Child** and didn't make any sound but water was pouring from its eyes.

It was touching the **Child** by its wings, legs and mouth; and

trying to awake the **Child** from its state and safeguard the

**Child** from the death point.

Similarly three **Birds** were watching this **Bird's** actions.

The **Bird** dances wonderfully and exposes its various types of appearances and inner qualities.

Main secret of rhythms of **divine dance** of the **Bird** is; that its both steps are always move very closer position. It never stretches its both legs wider position.

When the **Bird**; swims, flies and balances in the air it always

will keep both legs together. When the **Bird** walks; its steps are always placed strait line and inwardly too.

Another main secret of this **Bird** is that; it is a very strict

**frutitarian**.

**Child** mastered “**Bharatham**” [Dance based in

India], “**Bale**” [Dance based in Russia] and

“**Kathack**” [Dance recently developed in India].

All these are artificially framed and functioning as athletics and military exercise; where actuality is missing.

“Dance of SHIVA” represents

“Cosmic Dance” which is the most subtle

Dance---the “Dance of totality”, is very difficult to explain or very hard to frame in words forms and etc.

But this Bird’s natural actions are marvelous.

Bird’s natural actions blossom as dance and its dances are so pure.

It is very difficult to say its name.

Ancient sage says;

- a. “Bird of silence”.
- b. “Bird with signs”.
- c. “Bird with full of action”.
- d. “Bird of Love and compassion”.
- e. “Bird of Hymns”.
- f. “Bird with full of Divine qualities”.

g. “**Bird** of **Beauty**”.

Note: - It is not **Nightingale**.

It is not **Phoenix**.

Very Specialty of the **Bird** is: -

1. Where ever and when ever the **Bird** flies or bees; it will carry or create the similar atmosphere of the Holiest Mount.
2. It is always maintains its originality and creativity.
3. Its high quality is that ever maintaining “**Virginity**”
4. which always keeps the **Bird** in the state of: -

**Health,**

**Strength,**

**Ever in action,**

**Long-life and**

**Intuitional-visions and functions.**

# VERGINIA

It is a very serious issue made so far by the historians all over the parts of the world.

Especially **Islam** is based on this issue.

Oh!! What a shame!!!! Female and male-Human anatomy decide Religions and there process.

## Oh!! My Supreme Lord!!!

Where humanity stands?

The entire religious sects and their heads silently; secretly and seriously practicing this issue; from time immemorial onwards. In this issue; which is not only affected the entire females but most of the men also internally and externally affected.

Most of the **cultures, traditions,**

**civilizations** and etc were decided by this issue in the history so far by: -

1. Palaces.
2. Monarchies.
3. All the types of leaders and heads.
4. Educationists.

5. Psychologists.
6. Other experts.
7. Especially by the so called “Freedom-Fighters. [Through out the entire world].

In a family; the “damages” of particular issue, made by great grandfather or grandfather, father or other close relations.  
In schools, all these damages are being done by principals, teachers and masters.

In other sects; so called leaders or heads are being done the damages.

According to the very latest up-to-dated statistics; which are very

carefully observed by the **CHILD**; causes the entire violent and wars including cold-war and psychic war everywhere?

Innocents [MASS] who don't know about their anatomy internally and externally were cheated by all these sects and heads and they

[so called class] claim themselves as **heroes**,  
**salvators**, **Incarnates** and **saviors**.

In ancient days to avoid all these suffocations;  
When a boy or girl comes to attend the age; he or she will engaged in the marriage life within couple of months.

That is why; in Hindustan [India] is being practiced the “Childhood-marriage” to avoid all the family wars, country war and other wars.

Because of this issue; **gay, lesbian and prostitutions** are being scattered all over the parts of the world.

**Child** is so far thought that the poverty is the cause for prostitutions.

But actually all these are being practiced by educationist, power holders, leaders, heads and other sects in the name of service, socialism, humanitarian aid and etc all over the parts of the world.

**Oh!! My Divine Lord!!!**

**Child** was seriously cornered, affected, cheated and blasted by all the types of heads, leaders, their followers and etc by this issue.

How? Are “**You Majesty--  
Almighty**” going to sort it out this  
“**serious issue**”.

Ancient **Sage**-the **Poet** says;

**Human-form** is the **natural Temple**;  
where Divine blossoms within.

Human-race has failed to maintain this quality [virginity] which led the entire human race in to suspicion, war, violence and etc; these are still in operation in the name of freedom, politics, education, service, social, culture, tradition, religion, sports, media, other business sects and etc.

Due to these activities; the totally innocent **Child** was actually and seriously wounded, disturbed continuously and in endless suffocations.

Oh **Divine Lord!!**

Watch these actions.

Make actual and true decision to take serious action against all these disorders and negativities; must safeguard the genuine.

“Actual romance” – the “actual nature” had not only entangled with the **Child**; but truly safeguarded the **Child** so far and will guard for ever.

In the name of love, friendship, relationship and etc; they tortured the **Child** by thoughts, words and deeds and had put the **Child** in to endless Suffocations.

# Third Romance

## The Great Person

**CHILD** has seen or was the first vision; the great person Saththiyainthiraananthar [at the time of birth he was at seventy five] at the moment of its [**child**] birth.

**Child** is the best servant who wholeheartedly served the Greatest person; from its age of six to age of twelve at Kailash. The greatest person; left a boy who is identically almost like **child** at **child's** native place and took the child to Kailash.

Nobody knows about this dynamic and everlasting secret so far.

Every body was asking the **child**, “how the **child** went to Kailash and lived in Kailash for six years; While **Child** was at his native places; how **child** can was at Kailash?”

Nobody knows the **divine secrets**; all had failed to realize the **actual happenings**.

So called intelligent sects and others such as -----the so called: -

- a. Relations.
- b. Friends.
- c. Surroundings
- d. Etc.

are not only saying but deciding that the **child**; may be one from twins or one out of three.

They are not yet find the correct answer.

Is the **Child** thief?

Is the **Child** fraud?

Is the **Child** fake?

Is the **Child** priest?

Is the **Child** monk?

Is the **Child** Saadhu?

And so on. If it is not those categories;

Then The: -----

# CHILD!!WHO??

**Child** is always with Divine atmosphere.

Oh!! My Divine Supreme!!!!

**Why YOU** allow all these negative forces  
[prostitutes, bitches, homosexuals, liars, cheaters and etc] are around  
the **Child**.

What is the purpose?

# OH!! DIVINE LORD!!!!

What **child** had done against to **YOU?**

**Child** was at divinely romance at its age of six with the greatest person.

**YOUR MYGISTRY!!**

**OH! DIVINE LORD!!!**

**YOU** had taken the greatest person at age of **child's** eighteen.

What and what else that you are going to away from the

**Child?**

**HOW YOU ARE**

**GOING TO JUSTIFY?**

In the “**Divine-Court**” **Child** frankly says everything.

When **Child** begins to breath; all are presented where

**Child's** breathing process is blocked due to the rush and the atmosphere is in imbalance.

When **Child** starts anything; all those are presented at the site and to make endless obstacles to **child** and its actions and its paths.

**Child** wishes to share a story [which not an actual romance]; heard very long time ago.

There was a couple living.

Husband uses to tell about his wife to everybody; that she is very talented and very smart in sexual joys.

He was saying that anybody can experience her.

Wife similarly uses to say the same way to everybody about her husband.

In that way, style, manner and path both; [**husband and wife**] were collected hundreds of well known figures as well as visa versa as of their members, friends and relations in the nation. They were collected top, middle and bottom of the structures of the nation, society and people.

Later on they were begun to control each and every structure and systems of the country, society and people.

They were got the full power.

They declared themselves as king and queen and freedom fighters of the country and they named them leaders too.

This is not only an **earlier story**.

These are the **present happenings** too.

1. Is this is **culture**?

2. Is this is **tradition**?

3. Is this is **civilization**?

4. Is this is **religion**?

5. Is this is **socialism**?

6. Is this is based on **communism**?

7. Are the entire **educational systems** based for these actions?

8. Are the entire **schools, colleges** and **universities** are made for and constructed for all these activities and purposes?

9. Is this way most of countries are named as

**democratic and republic**?

10. Are these structures, frames and systems are called as

**international laws and that**

**caused for the constitutions**?

11. Is this is called as revolution and freedom?

12. Is this is the “history” and background of countries, leaders, and heads, so called freedom fighters and so on? OH!! What a shame!! and stupidity!!!

My Divine Lord.

It is the worst barbaric actions, habits, behaviors and etc of the human-race; that the Child had came across so far on its paths;

YOUR DIVINE  
MAJESTRY.

Due to this process actual atmosphere is polluted.

That is why the Child is unable to breath and unable to start anything of its essentials.

OH!! DIVINE LORD!!!!

What is the solution?

How YOU DIVINE Majesty; are going to safeguard and look after the innocent **Child from internal and external endless suffocations?**

**Child** wishes to share its

**Fourth Romance.**

**25. Land and Property.**

In the “**Mahabharata Epic**”

1. **Land** issue was the first main cause for the war which was Dividing the “Land” for all princes and kings
2. **Girl** [Thirofpathai-Panchaali] was the second main cause for the war where all the kings and forces want to share the

particular girl for their sexual pleasures [this is the worst type of diplomacy that the **child** had come across so far].

3. **Diplomatist** [Kannan-Krishna] was third main cause for war who was the diplomatist; had made everything in to mess and psychic violation.

**Child** thought; that all these world famous epics are stories.

Now only the **Child** has realized the actuality.

TRULY these three {Land, Girl and Diplomacy} are the actual issues and practices; which are the prime and main causes for the present war through out the country and world too; which was made by so called freedom fighters, leaders and other specialists so far.

**Oh!! My Divine Lord!!**

Is this is **culture**?

Is this is **tradition**?

Is this is **civilization**?

Is this is **history**?

OH!! What a shame!!!

How to administrate or eradicate all these “abnormal-acts”?

# My Divine Majesty!!

\*\*\*\*\*

Whenever and wherever **child** goes; everybody offered their land and property from its childhood onwards.

**Child** always smiled and accepted only their love, their understandings of the inner-inspiration of **child**, romantic-actions and their ways of communications. Due to this happenings; known and unknown sources were blocking the offerings and they were plugging everything which are belonging to **child**.

When the **child** was near the holiest mount **Kailash**;

all the Saadhus were saying to the **child** “all these beautiful nature and its gifts are belongs to **child** and owner of nature”.

**Child** was smiled and accepted their words of love and compassion.

**Child** answered as “**child** is belongs to the nature. Nature is the owner of **child**”.

All the Saadhus and other Tibetan masters were embracing the **child** just after had listen the answer of the **Child**.

They were trying to utter the word “**Incarnation**”.

But **CHILD** didn't permit the word to blossom from their mouth.

In the religious world the word “**Incarnation**” is unwontedly and unnecessarily introduced.

These types of practices are introduced in other fields or personalities such as politics, cinema, business, science and etc.

This word is generally used as “**Phinaamy**” later on.

All these practices are implemented on **Child** by the so called leaders, thinkers, so called freedom fighters, experts and etc so far. This is the worst damage and unending suffocations that the

**Child** is being undergone.

Oh my Divine  
Lord!!

When all these fake actions and abnormal fake practices will come to an end?

# How You Divine Majesty

; going to release the “auto-biographer”-the **Child** from all these?

Every body [so called leaders, rulers, thinkers, so called freedom fighters, so called lovers, so called friends[special engineers, doctors, lawyers, masters, teachers, educationists, other experts and etc] are being cheated, fooled, damaged, trying to uproot and trying to misguide and misuse the **Child**.

All these so call personalities are full of jealousy of **Child**.

Another unknown teams or groups or personalities enter through electronic media calling through the emails the Child as partner, uncle, father and so on.

They were

1. Stealing **Child's**

a. **Discoveries.**

b. **External treasurers.**

c. **Conceptions.**

d. **Perceptions.**

e. **Missions.**

f. **Visions.**

## 2. Plugging

a. given properties.

b. donated properties: - Wholeheartedly donated property was put for auction by so called freedom fighters and other leaders. Auction matter was overcome last minute by the

**Child** in the year 2006, of 9th Jan.

Now so called ---- are that they were made it only for advertising purpose.

## 3. Blocking

Which are belonging to the **Child** from long time onwards.

These so called personalities didn't have any originality and creativity but they are trying to identify the **Child** through documents.

# Oh!! My Divine Lord!!!

Make full stop for all these unwanted rubbish.

In the moment of the birth of **Child**;

Sages, strangers [astrologers, astronomers, true seekers, genuine rulers and persons who possess occult –powers] non-relatives and offered; most of the treasures which the entire world had never seen so far.

The great person Saththiyainthiraananthar vowed that he will transfer the entire Divine wealth, Divine virtues, Divine treasures and as well as other too to the **Child**.

Due to “Land and Property” issue; the **Child** finally left its native place at once just after school.

**Child** thought to stay permanently at mount **Kailash** but changed its wish finally and back to its nation.

In the city; orthodox families offered their land, property and wealth to the **Child**; but that too plugged by the so called .....

After those happenings; nearly three years **Child** was under the roof of sky and over the bed of earth.

Divine Arrangement made a place; where **Child** presently dwelling more than two decays which is freshly blossoming as holy shrine for every-beings for ever. This place too was trying to plug by

so called ..... but **Child** is still standing and facing all the obstacles up to now for the issue of “Land and Property”.

Not only for the “Land and Property” issue but the entire issues the **Child** was adopted or claimed by: -

1. Protestants.
2. Catholics.
3. Pentecost.
4. Various types of cults [freedom fighters, other leaders and religious sects.

Due to this “**claims and adoptions**” the followings wars were netted right round the **Child** form long time onwards.

1. **Cold** war.
2. **Star** war.
3. **Religious** war.
4. **Social** war.
5. **Cultural** war.
6. **Language** war.
7. **Concept ional** war.
8. War for **power**.
9. War for **land**.

10. War for **Girl**.

11. War for **Wealth** and so on.

**Child** patiently and successfully crossed over: -

- a. Huge mountains [obstacles].
- b. Ridges and Valleys [frictions, falsehoods—given so called educational systems...actually resulted in to six distinctions with two credits purposely twisted and turned down to 6c with 2s in o/l; two A, one B with C well cheated and turned in 3C with S in a/l and frustrations].
- c. Oceans [suffocations].
- d. Deserts [in and out touché rings] and so on.

So many gunmen send by so called ----- towards to the **Child**  
for to gun down the **Child**.

When they look at the **Child**; they completely changed their act,  
mind and gone away.

**On 13<sup>th</sup> Feb 2008;**

Between 5.10 pm 5.55 pm;

# So called freedom fighters

[Including **Qualified medical doctors and engineers**] were send a “suicide person” with fixed all the suicide-belt and bomb [fitted by the medical doctors- the main agent of so called freedom-fighters and other leaders] towards to the **Child**.

The particular suicide-person was with the **Child** for forty-five minutes.

The person was talking with the **Child**.

The person was two times to try to switch on to blast himself and the **Child** too.

**Child** was very carefully and tranquilly handled the person.

At the time there were eight people presented and they all were left the place one by one [Near the Holy Shrine].

Finally the person has changed his attitude and left.

The person is so innocent; where **Child** first time met him in the year of 1987 in a library in Colombo; when he was preparing his thesis [Faculty of arts] to submit to the university of Jaffna.

Actually **Child** was helping or rather guiding him to fulfill his thesis during the period of the year of 1987.

Are they [so called---] still trying to say any excuses to anybody for these acts or plots? -----

Especially Medical Doctors and Engineers – are the main agents of the so called freedom-fighters and leaders; who are the worst -----

criminals; the **Child** never has seen so far.

**OH!! My Holiest Lord!!**

What I have to do all these unending Plots and Plans?

Why My **Divine Majesty!! You are waiting and in Silence!!!**

**Eradicate totally!!**

**This is My Inner-command!!!**

I can't wait for all these rubbish acts.

**Act it spontaneously.**

If YOU fail to do, so I am going to curse the whole structure IN and OUT.

# This is Divine Vow!!

Whether all these freedom-fighters and leaders are fighting for their own “**sexual freedom**”?

Are they “**covered society or groups or few people**”?

All these freedom fighters and leaders collected [forcibly] more than hundreds of millions currencies on the name of **Child**.

All these collections are not for the people but their comforts. So called leaders; invested all these collections [by forcibly] in foreign countries.

They spoiled quality, character, genuine and etc of Child.

Due to the acts of all these so call leaders; **Child** is struggling in and out.

**Child** is suffocating to fulfill its project.

Each and every Steps of **Child** will be highlighted in future.

3. Grace.

4. Silence.

These four are the main pillars of the actual **Romance**.

When ever and where ever **Child** observes such as: -

**SUN** in any position,

**Water** falls,

**Mountains**,

**Flowers**,

**Birds** and other natural actions;

**Child** blossoms as the embodiment of compassion, love and grace spontaneously and simultaneously.

Style of dance of Shiva [carrying weapon in hand] was being practiced so many personalities in different forms and names in very later periods.

Examples may follow: -

1. Jesus Christ.
2. Mahatma Gandhi.
3. Head of forces.
4. Principals.
5. Teachers.
6. Man who controls cows and Shepherds

\*\*\*\*\*

### SPECIAL NOTE

A student strictly belongs to its parents up to eighteen years. After eighteen years a student belongs to itself as well as strictly belongs to the nation.

\*\*\*\*\*

PERFECT PATH TO EDUCATION

**THIS IS THE ONLY PERFECT PATH OR WAY WHICH WILL GUIDE THE ENTIRE HUMAN RACE FOR TO SALVATE, LEBERATE AND COMPLETELY FREE FROM ALL THE TYPES OF SUFFORCATONS NOT ONLY IN A COUNTRY; BUT ALSO THROUGH OUT THE ENTIRE WORLD TOO.**

\*\*\*\*\*

In the new educational system, wastage of educational materials [stationeries, tools and other equipments] should have to be reduced and spending of money on education would have to be reduced more than ninety nine percentages [99. /]. For an example: -  
If a person's income one hundred units in his life-period, spending money on education may be less than one unit.

\*\*\*\*\*

**But spending money on current educational systems through out the world is upside down.**

That is: -----Income =100 units  
Expenditure on education= 99units  
Other utilities= one unit.

\*\*\*\*\*

In the new educational system, **TIME** will be saved more than eighty two percentages of a person's life cycle. If a person's life period is

one hundred years, spending time on education will be only eighteen years and enjoying life period will be eighty two years.

\*\*\*\*\*

CHILD is perfectly completed his theoretical and practical educations below twelve years. The holiest person Saththiyainthiraanathar guided the CHILD soundly and totally.

\*\*\*\*\*

But the whole set up and the entire systems were refused to allow the CHILD to live naturally and peacefully.

\*\*\*\*\*

THIS IS BEING FIRMLY INTRODUCED BY CHILD AT NOW.  
[26<sup>TH</sup> May 26, 2007 at 7.43 A.M -- GMT]

\*\*\*\*\*

Then only all the types of dream concepts, fake theories and unpractical methods and systems will be completely destroyed at once.

\*\*\*\*\*

If **EDUCATION** is being perfectly framed and operated truly in a family, nation and through out the entire world; the entire sections such as finance, defense, health, administration, justice and etc would have been functioned perfectly.

\*\*\*\*\*

1. The holiest mount Kailash is the Prime source of Hindus, Buddhists, Jains and Saivites. Most of the Thamilhz saints had failed to realize this basic truth. **Saint Thirugnanasambanthar who lived south part of Bharatham [Inthusthan] before thousand five hundred years ago had completely failed to realize the above fact.** In his every set of songs, which always has eleven in numbers? where the saint had highlighted, in every tenth song, which were

given the wrong information about the basic truth.

Later on the Saiva siththanthies followed and done the same mistakes too. Those mistakes should have to be rectified.

## 2. GOD SHIVA or DANCING SHIVA

So far, most of the Hinthu scripts misinterpreted about SHIVA as

20. dancing in the cemetery,
21. wearing human born,
22. applying ashes from the cemetery,
23. carrying scull,

24. having poison in the neck,
25. dressed with tiger skin,
26. carrying snakes,
27. appearances like a beggar,
28. hair is always scattered on  
the  
head,
29. blue or black in color,
30. action of destruction.

Actually these messages are completely wrong.

Christians' churches are having only cemeteries behind the compounds of churches. Only

Jesus Christ is having all the above qualities.

All the Christian missionaries were tactfully manipulated all the works.

Child had realized this important facts and basic truths at mount Kailash.

Actual history of Hindus, Buddhists, Jains and Saivites begins from the holiest mount Kailash which is located in the Himalayan Mountain ranges in Bhaaratham.

When the child was at the age of seven, the child couldn't walk suddenly. Parents of the child and doctors were unable to do anything. After couple of days the great and holiest person Saththiyainthiraananthar came from sacred mount Kailash and observed the child in divinely manner; he was explaining to the child in details:-

- 1.Silattumam [structures of the brain cells] is functioning perfectly.

2. Kapam [structures of chest] functions clearly.
3. Piththam [structures of Intestine] functions soundly.
4. Vaatham[structures of both legs] is not functioning properly. Both keels refused to response and lost the direct link with relevant cells of the brain.

The holiest person walked right round the area where the child dwells plugged fourteen leafs and collected two red color bricks. He has heated two bricks and

placed seven leafs on one brick  
other seven leafs on the second  
brick.

Finally he kept both keels of the  
child over the leafs for couple of  
blinks more than ten occurrences.  
Immediately child got up and  
started to walk here and there.

All the doctors were in shock and  
obeyed the holiest person and said  
we have studied nothing in the  
campus but we have to learn more  
and more from the native  
medicine and nature cure system.  
One day;

While child and father were cleaning the garden at its village Child found a peculiar creeper plant which was supported by a Hohomba tree.

Accidentally the creeper plant was cut in the middle part.

Oh!! What a surprise?

Suddenly water was flowing from the creeper plant which was look like water flow from a motor line. Father was in the state of shock, fear and surprise.

The water was very pure, clean and possesses medicinal value. It

should have had consist of full of herbs too. But the water was colorless.

Father was unable to stop the water flowing from the plant. Water was flowing more than couple of hours.

Following day the creeper plant fading little by little. Father and child were highly worried.

Child was trying to create a plant out of it but failed.

Child realized the root of the creeper must be rooted very deeply and connected with water

springs [paathaala Ganga]. Child still couldn't find the particular plant anywhere.

Later on child was discussing about the creeper with botany experts. They answered that they never found this type of creeper. Child shared about the creeper with saints and sages. They said that they had heard and somewhere read about the creeper from the very ancient literature like Sakunthalam.

Saththiyainthiraananthar said

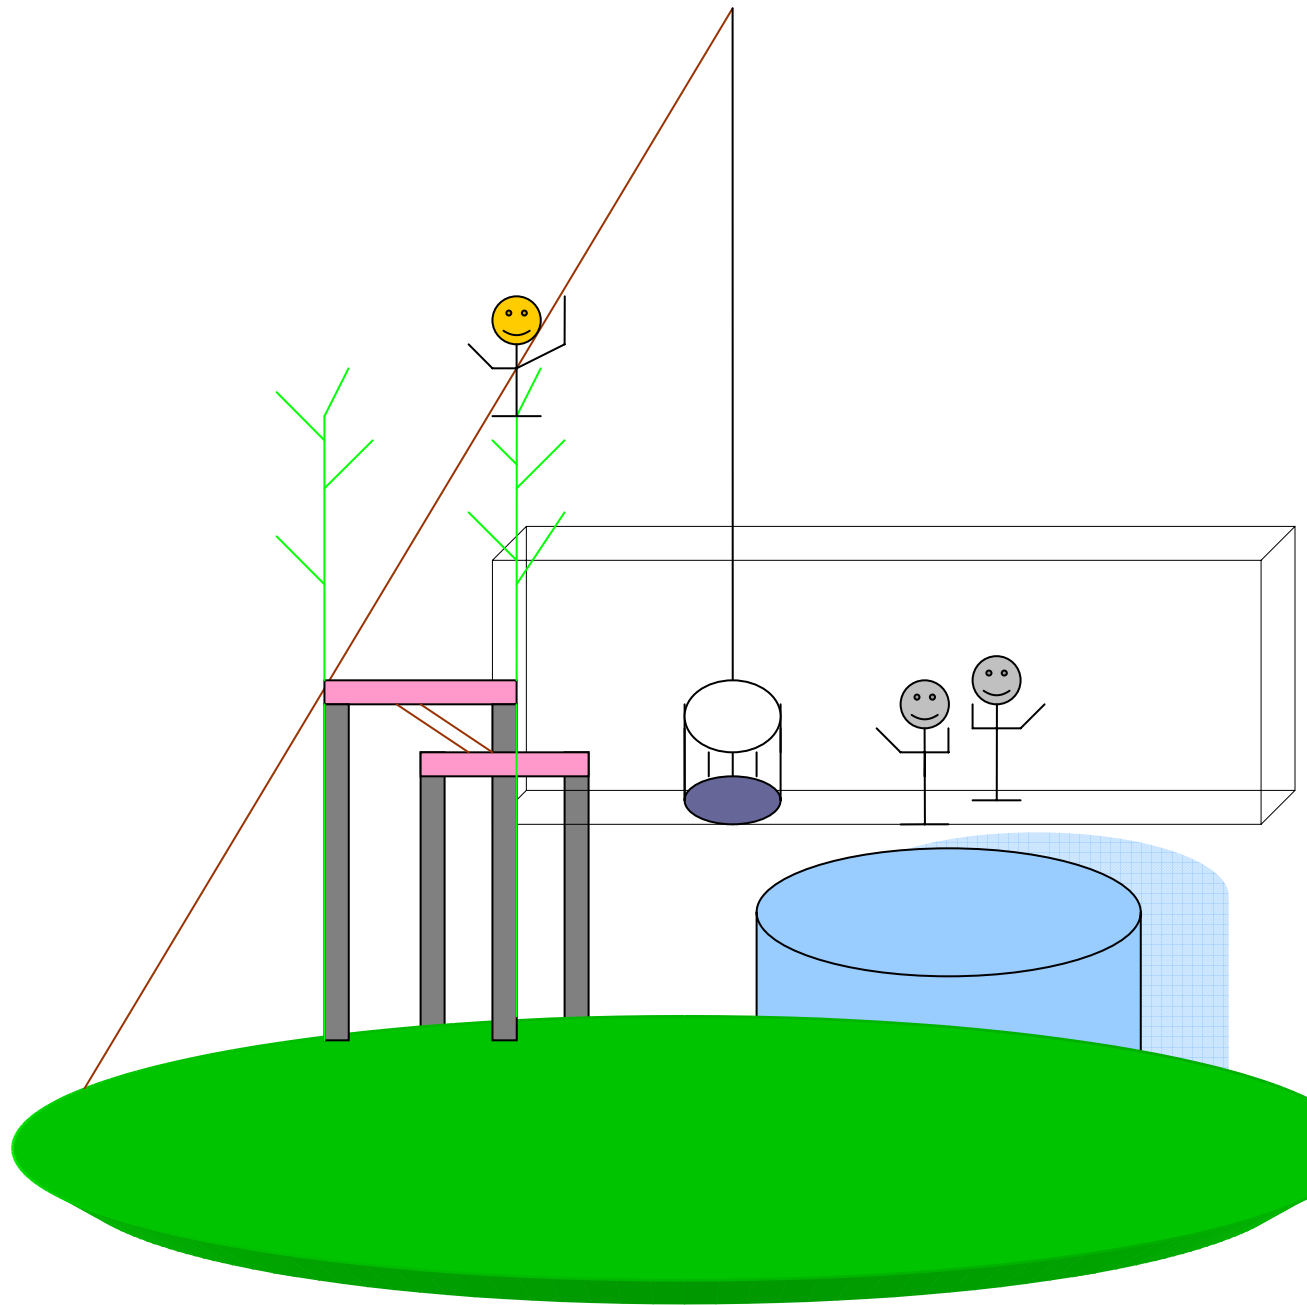

It was named as 'neerkodhi' [water creeper]. This type of creeper may be available only in desert.

When child was at the age of nine surrounded by the Catholics and protestant while at city. Suddenly three or four ladies had arrived the spot and sung wonderful song as

“Saththiyam Shivam Suntharam”.  
Child had first time listen the song  
and absorbed the perfect vibration.  
Both groups were left the child.

# Happenings of fall

## A. close to the well

When the child was at the age of nine the child had undergone supernormal processes.

1. The child climbed twenty five feet height for to repair the old system of well at home. Father and mother were observing the repairing process.

Unexpectedly the main beam of the water-taker fallen down. In a lightening way child had pushed the main beam into the well. Otherwise the main beam should have fallen over

the parents who were standing in front of the well.

At the same time child was holding of a small branch of a tree where the main beam was fixed.

Child bended it's body in to half circle [cat style] and jumped down more than the height of twenty five feet.

Child and it's parents didn't have any injuries.

Later on only child hared that the so call freedom fighters go for 'jumping training' and

etc to the jungles and foreign countries.

Child is naturally framed and formulated moment to moment it's carrier and inner and outer personality from it's birth onwards.

2. When this was happening the Saththiyainththiraananthar Arriving from Himalayas to the child's house.

Following day early morning He took the child and jumped into the same well. He performed a very special ritual

to child. This is the **third ritual**.  
**Second ritual** happened at the  
age of three.

**First ritual** happened at birth.

**First ritual is named as**

“**Brammothayam**

[**Make ‘link’ the outer space  
with inner space**].

**Second ritual is named as**

“**ThasaNaathaMuhaSambaasanaa**”

[**Communication with ten  
Divine members through  
ten deities**].

**Third ritual is named as**

“**MOUnashiram Sthaapitham**” or

“Summaasthaanam” Shankalpam or  
“Ammai Appaa Kojil” Prathishdaa.  
It is an only and only ideal temple of  
‘Divine Father and Divine Mother’ in  
the Globe, where “Shelter of Silence”  
blossoms naturally and spontaneously.

B. From top of the roof

When the child was at the age of nineteen visited a house in the city. There was a request to check the unwanted elements in between roof and ceiling. But unfortunately child had fall from the top of roof. Child has fallen inside the room over the bar of the bed.

The bar of the bed was broken. Child was unable to walk more than forty days.

Child climbed to remove the dead rat which was in between roof and

ceiling. But there was a short in the current circuit which was affected the child fallen through the ceiling on to the bar of the bed. Child was taken immediately to the hospital checked and there were no fractures.

But there were muscular cracks on the bottom part of the portion. Most of were worried that there bed was broken. **Child had realized the mentality of city people.**
